

JU Knowledge Base

Jahangirnagar University (JU)

Jahangirnagar University was established on August 20, 1970, during the Pakistan era, and formally launched on January 12, 1971, just months before Bangladesh's independence. Located in Savar, about 30 kilometers from Dhaka city center, it sits on a stunning 697.56-acre campus that is widely considered the most picturesque in Bangladesh. It is the only fully residential public university in the country, meaning all students are required to live on campus, which creates a unique and vibrant community atmosphere.

The university has 6 faculties housing 36 departments, along with several institutes including the Institute of Business Administration, the Institute of Information Technology, the Institute of Remote Sensing, and the Institute of Climate Law and Change. Its approximately 755 faculty members teach around 17,212 students. The university reserves about 50 percent of its seats for female students, a unique policy among Bangladeshi public universities that has significantly advanced women's higher education.

JU's academic offerings span arts and humanities, mathematical and physical sciences, social sciences, biological sciences, business studies, and law. Notable departments include Computer Science and Engineering, Pharmacy, Archaeology, Fine Arts, Drama and Dramatics, International Relations, Journalism and Media Studies, and Urban and Regional Planning. The Archaeology Department made national headlines for discovering the Wari-Bateshwar archaeological site.

Admission to JU is organized through 7 units: A for Arts and Humanities, B for Social Sciences, C for Mathematical and Physical Sciences, D for Biological Sciences, E for Business Studies, F for Law, and G for Fine Arts. Minimum HSC GPA requirements range from 3.0 for business and arts to 3.5 for science programs. The admission process involves an MCQ test and a viva. Applications are submitted online at admission.juniv.edu for a fee of approximately BDT 1,500. Graduate programs include Master's degrees, MPhil, and PhD with department-specific requirements.

As a public university, tuition is minimal. Semester fees range from BDT 2,000 to 4,000, and hall rent is around BDT 500 to 1,000 per year. Scholarships include merit-based awards, special scholarships for female students leveraging the 50 percent reservation policy, tribal and ethnic minority scholarships, freedom fighter quota scholarships, and disabled student scholarships. Multiple named trust funds provide additional financial support.

JU's student life revolves around its residential character. The 22 residential halls create a tight-knit community where students from all departments interact daily. The campus features a 71-foot tall Shaheed Minar, one of the tallest in the country, an open-air amphitheater that was the first of its kind in Bangladesh, a botanical garden, and a butterfly garden. JU is the only university in Bangladesh with a dedicated butterfly fair for environmental awareness. The annual Mangal Shobhajatra is celebrated with particular fervor here.

Student clubs include the JU Debating Society, Cultural Society, Computer Club, Science Club, Film Society, Photographic Society, Theater Group, Adventure Club, and Nature Club. The BNCC and Rover Scout groups are also active. The university has seen significant student achievements, with regular wins in national competitions across various disciplines.

In rankings, JU achieved the number one position in Bangladesh in the THE World University Rankings 2026, placed at 801-1000 globally, and was also first in Bangladesh in THE Asia Rankings at 301-350. QS World University Rankings place it at 1201-1400 globally and 294th in Asia. EduRank ranks it fourth in Bangladesh.

The university has faced several controversies. In 2026, major student protests erupted after an alleged attempted rape on campus, with demonstrators demanding increased security measures. In 2025, multiple Bangladesh Chhatra League members were expelled following campus violence, and a faculty member was penalized for speaking against the administration. Land encroachment disputes and academic calendar delays due to political disruptions have been ongoing challenges. The university had the distinction of appointing Bangladesh's first female Vice-Chancellor, Professor Farzana Islam, in 2014.

Admission Process

Admission to Jahangirnagar University's undergraduate programs is conducted through a highly competitive centralized admission test administered online via the official portal ju-admission.org. The university organizes its admission into multiple units based on faculties: A Unit (Faculty of Mathematical and Physical Sciences), B Unit (Faculty of Social Sciences and Law), C Unit (Faculty of Arts and Humanities excluding Drama and Fine Arts), C1 Unit (Drama and Dramatics, and Fine Arts), D Unit (Faculty of Biological Sciences), and E Unit (Faculty of Business Studies and IBA). For the 2025-2026 academic session, a total of 238,412 applicants competed for only 1,814 seats, resulting in an average of 131 applicants per seat, with the most competitive unit being D Unit (Biological Sciences) with 280 applicants per seat. Eligibility criteria require candidates to have passed SSC or equivalent in 2023 or later and HSC or equivalent in 2025 or 2026. Minimum GPA requirements vary by unit: A and D Units require a minimum GPA of 4.00 in both SSC and HSC separately for science students; B, C, and C1 Units require a minimum GPA of 3.50; and E Unit requires 3.75 for humanities/commerce students and 4.00 for science students. Subject-specific GPA requirements are also specified for certain departments; for example, Computer Science and Engineering requires a combined GPA of 9.00 with Math and Physics GPA of 5.00, while Pharmacy requires Biology and Chemistry GPA of 4.00. The admission test consists of 60 multiple-choice questions testing subject-specific knowledge appropriate to each unit. The application fee is approximately 600-700 BDT for most units and 500 BDT for C1 and IBA units. The admission test is typically held over an 11-12 day period in December or February, depending on the academic session. Candidates who pass the written test are called for viva voce (interview) examinations, and final merit lists are published based on combined scores. The university GPA is calculated by weighting the SSC GPA by 1.5 and the HSC GPA by 2.5. JU has a notable policy of reserving approximately 50 percent of seats for female students, the only university in Bangladesh with such a provision. The quota system includes allocations for freedom fighter children, tribal students, and children of university employees.

Degrees Offered

Jahangirnagar University offers a comprehensive array of degree programs at undergraduate, graduate, and postgraduate levels across its six faculties and four institutes. At the undergraduate level, the university offers four-year Bachelor of Science (Honors) degrees in Computer Science and Engineering, Mathematics, Physics, Chemistry, Statistics and Data Science, Geological Sciences, Environmental Sciences, Biochemistry and Molecular Biology, Microbiology, Biotechnology and Genetic Engineering, Pharmacy, Botany, Zoology, and Public Health Informatics. It offers Bachelor of Social Science (Honors) degrees in Economics, Geography and Environment, Government and Politics, Anthropology, Urban and Regional Planning, Public Administration, and Sociology. The Faculty of Arts and Humanities offers Bachelor of Arts (Honors) degrees in Bangla, English, History, Philosophy, Archaeology, International Relations, Journalism and Media Studies, Drama and Dramatics, and a Bachelor of Fine Arts (BFA). The Faculty of Business Studies offers a Bachelor of Business Administration (BBA) with specializations in Accounting and Information Systems, Finance and Banking, Management, Marketing, and Business Studies. The Faculty of Law offers the Bachelor of Laws (LLB Honors) program. At the postgraduate level, JU offers Master of Science (MSc), Master of Social Science (MSS), Master of Arts (MA), Master of Business Administration (MBA), Master of Laws (LLM), and Executive MBA programs. The university also offers Master of Philosophy (MPhil) and Doctor of Philosophy (PhD) degrees in all departments. The specialized institutes offer additional degrees: the Institute of Business Administration (IBA-JU) offers MBA and Executive MBA programs; the Institute of Information Technology (IIT) offers BSc and MSc in Information Technology; the Institute of Remote Sensing and GIS (IRS) offers MSc in Remote Sensing and GIS; and the Bangabandhu Institute of Comparative Literature and Culture (ICLC) offers MA and PhD programs in comparative literature and cultural studies.

Faculties and Departments

Jahangirnagar University is organized into six faculties and four specialized institutes, housing a total of 36 academic departments. The Faculty of Arts and Humanities includes the Departments of International Relations, English, History, Philosophy, Drama and Dramatics, Archaeology, Bangla, Journalism and Media Studies, and Fine Arts. The Faculty of Mathematical and Physical Sciences encompasses Computer Science and Engineering, Mathematics, Physics, Chemistry, Statistics and Data Science, Geological Sciences, and Environmental Sciences. The Faculty of Social Sciences includes Economics, Geography and Environment, Government and Politics, Anthropology, Urban and Regional Planning, and Public Administration. The Faculty of Biological Sciences comprises Biochemistry and Molecular Biology, Microbiology, Botany, Zoology, Pharmacy, Biotechnology and Genetic Engineering, and Public Health Informatics. The Faculty of Business Studies includes Accounting and Information Systems, Finance and Banking, Management Studies, and Marketing. The Faculty of Law houses the Department of Law and Justice. The four institutes are the Institute of Business Administration (IBA-JU), the Institute of Information Technology (IIT), the Institute of Remote Sensing and GIS (IRS), and the Bangabandhu Institute of Comparative Literature and Culture (ICLC). Each faculty is headed by a Dean, and each department by a Chairperson. Many departments were established in the early years of the university, such as Economics and Geography (1970), while newer departments like Public Health Informatics and Biotechnology and Genetic Engineering were added more recently to address emerging fields. The university

has over 700 faculty members, including approximately 200 professors, and more than 2,000 administrative staff. The institute structure allows for interdisciplinary research and specialized professional training that complements the traditional departmental structure.

Faculties and Departments (Detailed)

Detailed information about all faculties and departments at Jahangirnagar University (JU) is provided below.

Faculty of Arts and Humanities — Dean: Prof. Dr. Md. Mozammel Hoque. Contact: deanarts@juniv.edu, Phone: 880-2-7791045-51 Ext.-1321.

Department of International Relations: Head: Sajib Bala, PhD (intrelns@juniv.edu) Offers BSS, MSS, MPhil, PhD. Faculty strength: approximately 19. Key research areas include International relations theory; Foreign policy; Diplomacy; Security studies; Global governance. Notable faculty: Prof. Shahab Enam Khan - International Relations; Prof. Dr. Md. Khalid Quddus; Dr. Abdullah Hel Kafi. Facilities: Seminar library, Research lab

Department of English

Faculty Roster: - *Dr. Md. Maniruzzaman* - (Professor) - Research: Linguistics; English Language Teaching - Contact: mmz71@juniv.edu - *Ahmed Reza* - (Professor) - Research: English Literature; Translation - Contact: juenglish@juniv.edu - *Dr. Sanyat Sattar* - (Professor) - Research: English Literature; Literary Criticism - Contact: sanyat@juniv.edu - *Mashrur Shahid Hossain* - (Professor) - Research: English Literature - Contact: mashrursh@juniv.edu - *Professor Dr. Laizu Nasrin* - (Professor) - Research: English Literature; Postcolonial Studies - Contact: laizu@juniv.edu - *Dr. Mohammad Raihan Sharif* - (Professor & Chairman) - Research: English Literature : Head: Dr. Mohammad Raihan Sharif (info@juenglish.com) Offers BA, MA, MPhil, PhD. Faculty strength: approximately 21. Key research areas include English literature; Cultural Studies; Gender Studies; Media Studies; Medical Humanities. Notable faculty: Dr. Md. Maniruzzaman; Ahmed Reza; Dr. Sanyat Sattar; Mashrur Shahid Hossain; Prof. Dr. Laizu Nasrin. Facilities: Language lab, Seminar library

Department of History: Offers BA, MA, MPhil, PhD. Faculty strength: approximately 15. Key research areas include Bangladesh history; South Asian history; Medieval history; Modern history; Historiography.

Department of Philosophy: Offers BA, MA, MPhil, PhD. Faculty strength: approximately 12. Key research areas include Metaphysics; Epistemology; Ethics; Logic; Philosophy of mind.

Department of Drama and Dramatics: Offers BA, MA, MPhil, PhD. Faculty strength: approximately 10. Key research areas include Theatre studies; Performance studies; Bengali drama; Modern drama; Film studies. Facilities: Theatre lab, Stage

Department of Archaeology: Offers BA, MA, MPhil, PhD. Faculty strength: approximately 12. Key research areas include Archaeological excavation; Heritage management; Museology; Prehistory; Bengal archaeology. Notable faculty: Prof. Sufi Mostafizur Rahman - Wari-Bateshwar excavation. Facilities: Archaeological lab, Excavation equipment

Department of Bangla: Head: Dr. Sohana Bilquis (bangla.juniv@gmail.com) Offers BA, MA, MPhil, PhD. Faculty strength: approximately 23. Key research areas include Bengali literature; Bengali linguistics; Folk culture; Bengali poetry; Literary theory. Notable faculty: Prof. Dr. Khalad Hossain; Dr. Anirudha Kahaly; Dr. A. S. M. Abu Dayen; Dr. Prithila Nazneen Nelema. Facilities: Language lab

Department of Journalism and Media Studies: Offers BA, MA, MPhil, PhD. Faculty strength: approximately 12. Key research areas include Journalism; Mass communication; Media studies; Digital media; Broadcast journalism. Facilities: Media lab, Recording studio

Department of Fine Art: Offers BFA, MFA, MPhil, PhD. Faculty strength: approximately 15. Key research areas include Painting; Sculpture; Printmaking; Graphic design; Ceramics. Facilities: Art studios, Exhibition hall

Faculty of Mathematical and Physical Sciences — Dean: Dr. Mahbub Kabir. Contact: dean.math@juniv.edu, Phone: 880-2-7791040 Ext. 1402.

Department of Computer Science and Engineering (CSE)

Faculty Roster: - *Dr. Md. Abdus Salam* - (Professor) - Research: Statistics; Data Science - *Dr. Syeda Shahanara Huq* - (Professor) - Research: Statistics - *Dr. Mohd. Muzibur Rahman* - (Professor) - Research: Statistics - *Dr. Mohammed Nazmul Huq* - (Professor) - Research: Statistics - *Dr. Mohammad Alamgir Kabir* - (Professor) - Research: Statistics

Faculty Roster: - *Dr. Jugal Krishna Das* - (Professor) - Research: Computer Science; Algorithms - Contact: cedas@juniv.edu - *Dr. Mohammad Shorif Uddin* - (Professor) - Research: Image Processing; Computer Vision; Pattern Recognition - Contact: shorifuddin@juniv.edu - *Dr. Mohammad Zahidur Rahman* - (Professor) - Research: Software Engineering; Requirements Engineering - Contact: rmzahid@juniv.edu - *Dr. Md. Imdadul Islam* - (Professor) - Research: Telecommunication; Network Performance; Queuing Theory - Contact: imdad@juniv.edu - *Dr. Liton Jude Rozario* - (Professor) - Research: Computer Networks; Network Security - Contact: litonrozario@juniv.edu - *Dr. Md. Humayun Kabir* - (Professor) - Research: Data Mining; Program Verification; Automatic Program Construction - Contact: hkabir@juniv.edu, 01671952675 - *Tanzila Rahman* - (Assistant Professor) - Research: Computer Science - Contact: tanzila.rahman@juniv.edu - *Anup Majumder* - (Assistant Professor) - Research: Computer Science : Head: Md. Golam Moazzam, PhD (office.cse@juniv.edu, Phone: 02224491045-51 Ext. 1422) Offers BSc, MSc, MPhil, PhD, PMSCS (Professional MSCS). Faculty strength: approximately 25. Key research areas include Algorithms; Artificial Intelligence; Machine Learning; Computer Networks; Data Science. Notable faculty: Dr. Jugal Krishna Das; Dr. Mohammad Shorif Uddin; Dr. Mohammad Zahidur Rahman; Dr. Md. Imdadul Islam; Dr. Liton Jude Rozario. Facilities: Multiple computing labs, Research labs, Clubs, Seminar library

Department of Mathematics

Faculty Roster: - *Dr. Muhammad Humayun Kabir* - (Professor) - Research: Applied Mathematics; Mathematical Modeling; Industrial Mathematics - Contact: hkabirju@juniv.edu, +8801726035620 : Head: Dr. Aminur Rahman Khan (math@juniv.edu, Phone: +88-02-779105-51 Ext. 1423) Offers BSc, MS, MPhil, PhD, MSM (Weekend). Faculty strength: approximately 25. Key research areas include Pure

mathematics; Applied mathematics; Mathematical biology;
Computational mathematics; Fluid dynamics. Notable faculty: Dr. Md.
Laek Sazzad Andallah; Dr. Faruque Ahmed; Dr. M Abdur Rab;
Dr. Abeda Sultana. Facilities: Computational lab, Research lab

Department of Physics

Faculty Roster: - *Dr. Tahmina Ferdous* - (Professor) - Research: Physics
- *Dr. M. Salahuddin* - (Professor & Chairman) - Research: Physics -
Dr. A A Mamun - (Professor) - Research: Plasma Physics; Astrophysics
- *Dr. Farid Ahmed* - (Professor) - Research: Condensed Matter Physics;
Materials Science - *Mohammad Mominur Rahman* - (Professor) -
Research: Physics : Head: Dr. Farid Ahmed (physics@juniv.edu) Offers
BSc, MS, PhD, MS in Applied Physics & Electronics (Weekend).
Faculty strength: approximately 32. Key research areas include
Plasma physics; Condensed matter physics; Computational physics;
Biomedical physics; Astrophysics and cosmology. Notable faculty:
Dr. Tahmina Ferdous; Dr. M. Salahuddin; Dr. A A Mamun; Dr. Farid
Ahmed; Mohammad Mominur Rahman. Facilities: Computational
Physics Lab, Composite Fabrication Lab, Material Synthesis Lab,
Condensed Matter Physics Lab, Biomedical Physics Lab

Department of Chemistry

Faculty Roster: - *Dr. Mahbub Kabir* - (Professor) - Research: Organic
Chemistry; Natural Products; Environmental Chemistry - Contact:
mkabir@juniv.edu, +8801822999599 - *Dr. Md. Arzu Miah* - (Professor)
- Research: Chemistry - Contact: mamiah@juniv.edu,
+8801732150725 - *Dr. Md. Awlad Hossain* - (Professor) - Research:
Chemistry - Contact: awladchem@juniv.edu, +8801818493257 -
Prof. Dr. Nasrin Jewena - (Professor) - Research: Chemistry - Contact:
nasrin28ju@juniv.edu, +8801781840400 - *Mir Tamzid Rahman* -
(Professor) - Research: Hydrology Chemistry; Nanotechnology;
Nanocomposite; Layered Double Hydroxides - Contact:
mtrchem@juniv.edu, +8801778502882 : Head: Dr. Md. Arzu Miah
(chem@juniv.edu, Phone: 7791045-51/1437) Offers BSc, MS, MPhil,
PhD, WMCIE (Weekend Masters). Faculty strength: approximately 34.
Key research areas include Organometallic chemistry; Environmental
chemistry; Organic synthesis; Natural products; Physical chemistry.
Notable faculty: Mohammed Nurul Abser; Dr. Mahbub Kabir (Dean);
Mohammed Enamullah (VC, HSTU); Dr. Md. Arzu Miah; Dr. Nurun
Nahar. Facilities: Research labs, General lab, Instrument lab,
Computer lab, Classrooms

Department of Environmental Sciences

Faculty Roster: - *Mohammad Majibur Rahman* - (Professor) -
Research: Environmental Chemistry; Water Quality; Arsenic
Contamination - Contact: majibur@juniv.edu, +8801312112856 :
Head: Dr. A. K. M. Rashidul Alam (envsci@juniv.edu, Phone: +88-02-
7791045-51 Ext. 1370) Offers BSc, MS, MPhil, PhD, WMES (Weekend
Masters). Faculty strength: approximately 15. Key research areas
include Environmental chemistry; Climate change; Water quality; Air
pollution; Ecosystem management. Facilities: Water Research Center,
Environmental lab

Department of Statistics and Data Science: Offers BSc, MS,
MPhil, PhD. Faculty strength: approximately 15. Key research areas
include Statistical inference; Data science; Big data analytics;
Biostatistics; Multivariate analysis. Facilities: Statistical computing
lab

Department of Geological Sciences: Offers BSc, MS, MPhil, PhD. Faculty strength: approximately 12. Key research areas include Geology; Geophysics; Mineralogy; Petrology; Paleontology. Facilities: Geology lab, Mineralogy lab

Faculty of Social Sciences — Dean: Prof. Dr. Khondaker Mohammad Shariful Huda.

Department of Economics

Faculty Roster: - *Dr. Md. Amir Hussain* - (Professor) - Research: Economics - *Md. Shawkat Ali* - (Professor) - Research: Economics - Contact: shawkat@juniv.edu, 01716507416 - *Mohammad Amzad Hossain* - (Professor) - Research: Economics - *Dr. Khandaker M. Ashraful Munim* - (Professor) - Research: Economics - Contact: munim@juniv.edu - *Dr. Mohammad Safiqul Islam* - (Professor & Chairman) - Research: Economics - *Anu Muhammad Anisur Rahman* - (Professor) - Research: Political Economy; Development Studies - Contact: anu@juniv.edu, +8801712966555 - *Dr. Mohammad Jahangir Alam* - (Professor) - Research: Development Economics; Political Economy - Contact: alamjahangireco@juniv.edu, +8801716584127 - *Asrarul Islam Chowdhury* - (Professor) - Research: Economics : Head: *Dr. Mohammad Safiqul Islam* (econ@juniv.edu, Phone: 02-224491045-51) Offers BSS, MSS, MPhil, PhD. Faculty strength: approximately 23. Key research areas include Development economics; Microeconomics; Macroeconomics; Bangladesh economy; Agricultural economics. Notable faculty: *Md. Shawkat Ali*; *Mohammad Amzad Hossain*; *Dr. Khandaker M. Ashraful Munim*; *Asrarul Islam Chowdhury*. Facilities: Computer lab, Research lab

Department of Urban & Regional Planning (URP): Offers BSc, MS, MPhil, PhD. Faculty strength: approximately 12. Key research areas include Urban planning; Regional development; Transportation planning; Housing; Land use planning. Facilities: GIS lab, Planning studio

Department of Anthropology: Offers BSS, MSS, MPhil, PhD. Faculty strength: approximately 12. Key research areas include Social anthropology; Cultural anthropology; Ethnography; Development anthropology; Medical anthropology. Facilities: Research lab

Department of Geography & Environment

Faculty Roster: - *Dr. M. Manzurul Hassan* - (Professor) - Research: Geography; Environment - *Dr. Md. Shahedur Rashid* - (Professor) - Research: Geography - *Dr. Muhammod Nazrul Islam* - (Professor) - Research: Geography - *Prof. Dr. Khondaker Mohammad Shariful Huda* - (Professor) - Research: Geography - *Dr. Mohammad Nayeem Aziz Ansari* - (Professor) - Research: Geography : Offers BSc, MS, MPhil, PhD. Faculty strength: approximately 14. Key research areas include Physical geography; Human geography; GIS & Remote sensing; Environmental management; Climate change. Facilities: GIS lab, Remote sensing lab

Department of Government & Politics: Offers BSS, MSS, MPhil, PhD. Faculty strength: approximately 14. Key research areas include Political theory; Comparative politics; International relations; Public policy; Bangladesh government.

Department of Public Administration

Faculty Roster: - *Dr. Muhammad Sayadur Rahman* - (Professor) - Research: Public Administration; Governance - *Professor Dr. Jebunnessa* - (Professor) - Research: Public Administration - *Dr. Md. Nurul Amin* - (Professor) - Research: Public Administration -

Muhammad Muinul Islam - (Associate Professor) - Research: Public Administration - *Dr. Hare Krisna Kundo* - (Professor) - Research: Public Administration : Offers BSS, MSS, MPhil, PhD. Faculty strength: approximately 12. Key research areas include Public administration; Development administration; Local government; Human resource management; Policy studies.

Faculty of Biological Sciences — established in 2000 (originally Institute of Life Sciences 1986). Dean: Mohammad Mafruhi Sattar. Contact: deanbios@juniv.edu, Phone: 1595.

Department of Botany

Faculty Roster: - *Dr. M. Mahfuzur Rahman* - (Professor) - Research: Plant Ecology; Environment - Contact: mmrahman1518@juniv.edu, +8801879625889 - *Dr. Nazmul Alam* - (Professor) - Research: Botany - Contact: nazmul.alam65@juniv.edu, 01406400246 - *Dr. Mohammad Talim Hossain* - (Professor) - Research: Botany - *Dr. Rasheda Yasmin Shilpi* - (Professor) - Research: Botany - *Dr. Md. Nuhu Alam* - (Professor) - Research: Botany - *Dr. Gazi Mosharof Hossain* - (Professor) - Research: Botany - Contact: gazibot_ju@juniv.edu, 01715370388 - *Dr. Saleh Ahammad Khan* - (Professor) - Research: Plant Taxonomy; Systematics; Biodiversity - Contact: saleh@juniv.edu - *Dr. Nahid Akhtar* - (Professor) - Research: Botany - Contact: nahid_akhtar98@juniv.edu - *Aparna Shil PhD, AFHEA* - (Professor) - Research: Microbiology; Food Compounds; Gut Microorganisms; Bioactive Compounds; Sweet Taste Receptors - Contact: aparna@juniv.edu, +8801712687445 : Head: Dr. Nahid Akhtar (botany@juniv.edu) Offers BSc, MS, MPhil, PhD. Faculty strength: approximately 24. Key research areas include Plant taxonomy; Plant physiology; Plant biotechnology; Ecology; Mycology. Notable faculty: Dr. M. Mahfuzur Rahman; Dr. Nazmul Alam; Dr. Mohammad Talim Hossain; Dr. Rasheda Yasmin Shilpi; Dr. Md. Nuhu Alam. Facilities: Research labs, Seminar library, Herbarium

Department of Biochemistry & Molecular Biology

Faculty Roster: - *Dr. Borhan Uddin* - (Professor) - Research: Cell Biology; Molecular Biology; Plant Embryogenesis; Stem Cell Biology - Contact: borhan-bmb@juniv.edu, +8801707078549 : Offers BSc, MS, MPhil, PhD. Faculty strength: approximately 14. Key research areas include Biochemistry; Molecular biology; Enzymology; Cell signaling; Protein chemistry. Facilities: Biochemistry lab, Molecular biology lab

Department of Zoology

Faculty Roster: - *Kabirul Bashar Ph.D.* - (Professor) - Research: Medical Entomology; Dengue; Malaria; Chikungunya; Zika - Contact: bkabirul@juniv.edu, +8801711130312 - *Dr. M. Monirul H. Khan* - (Professor) - Research: Wildlife Biology; Conservation; Ecology - Contact: mmhkhan@juniv.edu, +8801720483151 - *Mohammad Abdur Razzak PhD (USA)* - (Professor) - Research: Zoology - Contact: arazzak@juniv.edu, 8801761509740 - *Tahmina Akter* - (Professor) - Research: Zoology - Contact: lipi_ju05@juniv.edu, 01686238849 - *Khondoker Md Zulfiker Rahman, PhD* - (Professor) - Research: Cell & Molecular Biology; Cancer Biology; Gene Manipulation; CRISPR/Cas9; Ecology - Contact: rahmankmz@juniv.edu, +8801791344307 : Head: Dr. Md. Mansurul Haque (zoology@juniv.edu) Offers BSc, MS, MPhil, PhD. Faculty strength: approximately 25. Key research areas include Wildlife biology; Entomology; Fisheries; Ecology; Animal behavior. Notable faculty: Mohammed Mostafa Feeroz, PhD (Cambridge) - Wildlife primatology; Dr. M. Monirul H. Khan - Wildlife conservation;

Dr. Md. Golam Mostafa. Facilities: Wildlife Rescue Center (WRC), Insect Rearing and Experimental Station (IRES), DNA Barcoding lab, Fish Hatchery

Department of Pharmacy

Faculty Roster: - *Dr. Md. Sohel Rana* - (Professor) - Research: Natural Products Chemistry; Drug Delivery Systems - Contact: sohelrana.ju@juniv.edu - *Abdullah Faruque* - (Professor) - Research: Medicinal Chemistry; Biotechnology - Contact: abdfar@juniv.edu, +8801819489383 - *Dr. Sukalyan Kumar Kundu* - (Professor) - Research: Formulation Science; Phytopharmacology; Toxicology; Drug Delivery Systems - Contact: skkbd415@juniv.edu, +8801731291468 - *Dr Mohammad Didare Alam Muhsin* - (Professor & Chairman) - Research: Pharmacy; Pharmaceutical Sciences - Contact: muhsin_ju@juniv.edu, +8801866489828 - *Md. Sahabuddin Kabir Chowdhury* - (Professor) - Research: Pharmacy - Contact: mskchoudhuri@juniv.edu - *Md. Fokhrul Islam* - (Associate Professor) - Research: Pharmacy - Contact: fokhrulislam@juniv.edu, 01778447711 : Head: Mohammed Motaher Hossain Chowdhury (pharmacy@juniv.edu) Offers BSc, MS, MPhil, PhD. Faculty strength: approximately 19. Key research areas include Pharmaceutical chemistry; Pharmacology; Pharmaceutics; Natural products; Clinical pharmacy. Notable faculty: Dr. Sakina Sultana; Dr. Md. Sohel Rana; Abdullah Faruque; Mohammad Mafruhi Sattar (Dean); Dr. Sukalyan Kumar Kundu. Facilities: Pharmaceutical labs, Research lab

Department of Microbiology: Head: Dr. Nihad Adnan (microbiology@juniv.edu) Offers BSc, MS, MPhil, PhD. Faculty strength: approximately 12. Key research areas include Medical microbiology; Virology; Bacteriology; Immunology; Antimicrobial resistance. Facilities: Microbiology lab, Biosafety lab

Department of Biotechnology & Genetic Engineering

Faculty Roster: - *Dr. Mohammad Shahedur Rahman* - (Professor) - Research: Biotechnology; Genetic Engineering - Contact: rahmanms@juniv.edu, +8801766440000 : Head: Dr. MD REZAUL KARIM (biotechnology@juniv.edu) Offers BSc, MS, MPhil, PhD. Faculty strength: approximately 12. Key research areas include Genetic engineering; Plant biotechnology; Microbial biotechnology; Bioinformatics; Molecular genetics. Notable faculty: Abdullah Mohammad Shohael, PhD; Dr. Mohammad Shahedur Rahman; Prof. Dr. Md. Sharif Hossain; Dr. Umme Salma Zohora. Facilities: Biotechnology lab, Genetic engineering lab

Department of Public Health and Informatics: Head: Dr. Md. Shakhaoat Hossain (dphi@juniv.edu, Phone: +88-02-7791045-51 (Ext-1728)) Offers BSc, MPH, MPhil, PhD, WMPH (Weekend MPH). Faculty strength: approximately 13. Key research areas include Public health; Epidemiology; Health informatics; Maternal and child health; Environmental health. Notable faculty: Prof. Dr. Md. Tajuddin Sikder; Dr. Mahfuza Mubarak; Dr. Md. Shakhaoat Hossain; Shabnam Naher. Facilities: Public health lab, Informatics lab

Faculty of Business Studies — established in 2009. Dean: Abu Sayef Md Muntaquimul Bari Chowdhuri. Contact: PABX-02224491045-51 Ext-1671.

Department of Finance & Banking: Head: Asma Ahmed Offers BBA, MBA, EMBA, MPhil, PhD. Faculty strength: approximately 12. Key research areas include Finance; Banking; Investment; Corporate

finance; Financial markets. Notable faculty: Dr. Sheikh Abu Taher; Nilanjan Kumar Saha; Dr. Mohammed Sawkat Hossain; Mahfuza Khatun. Facilities: Business lab

Department of Marketing: Offers BBA, MBA, EMBA, MPhil, PhD. Faculty strength: approximately 10. Key research areas include Marketing management; Consumer behavior; Brand management; Digital marketing; International marketing.

Department of Accounting and Information Systems: Offers BBA, MBA, EMBA, MPhil, PhD. Faculty strength: approximately 10. Key research areas include Accounting; Auditing; Information systems; Financial reporting; Taxation. Facilities: Computer lab

Department of Management Studies: Offers BBA, MBA, EMBA, MPhil, PhD. Faculty strength: approximately 10. Key research areas include Management; Organizational behavior; Human resource management; Strategic management; Entrepreneurship.

Faculty of Law — Dean: Md. Rabiul Islam, PhD.

Department of Law & Justice: Head: Md. Rabiul Islam, PhD. Offers LLB, LLM, MPhil, PhD. Faculty strength: approximately 13. Key research areas include Constitutional law; Criminal law; International law; Human rights law; Corporate law. Notable faculty: Md. Rabiul Islam, PhD; K M Shazzad Mohashin; Tapos Kumar Das; Suprobhat Paul; Shaila Alam Asha. Facilities: Moot court, Law library

Research Institutes and Centres:

- **Institute of Business Administration (IBA-JU)**
- **Institute of Information Technology (IIT)**
- **Institute of Comparative Literature and Culture (ICLC)**
- **Institute of Remote Sensing and GIS (IRS)**

Credit System and Duration

Jahangirnagar University follows a semester-based credit system for its academic programs. Undergraduate programs are typically four years in duration, divided into four parts (Part I through Part IV) or eight semesters. The total credit requirement for a four-year Bachelor's (Honors) degree ranges from approximately 120 to 140 credits, depending on the department. For example, the Department of Botany requires 140 credits (equivalent to 3,500 marks) over four years for its BSc (Honors) program. Each academic year typically has two semesters. Courses are structured with theoretical components (usually 3-4 credits each) and practical/laboratory components (usually 1-2 credits each). The grading system uses a 4.00 scale where letter grades correspond to grade points: A (4.00), A- (3.70), B+ (3.30), B (3.00), B- (2.70), C+ (2.30), C (2.00), D (1.50-1.99), and F (0.00). Assessment in each course is based on continuous assessment including tutorial examinations (20 percent of marks), class attendance (10 percent), and final examinations (70 percent). Each part concludes with a comprehensive final examination conducted by an examination committee, followed by a viva voce examination. Students must maintain a minimum CGPA to continue in their program and to qualify for the degree. The academic year is continuous rather than divided into semesters with long breaks, though this varies by department. Master's degree programs typically require 1-2 years of study with 30-36 credits, including a thesis or research project. MPhil programs require a minimum of 2 years of

research with coursework, and PhD programs require 3-5 years of original research culminating in a dissertation. Some departments offer weekend and evening programs for working professionals pursuing master's degrees.

Tuition and Costs Overview

As a public university largely funded by the Government of Bangladesh, Jahangirnagar University maintains extremely affordable tuition fees, making higher education accessible to students from all economic backgrounds. For local (Bangladeshi) students, the annual tuition fee is approximately 8 USD per year (around 900-1,000 BDT), making it one of the most affordable universities in the world. For international students, tuition is significantly higher at approximately 2,500 USD per year. Beyond tuition, students are required to pay semester fees of approximately 7,000 BDT per semester, which covers registration, examination, library, student activity, and medical fees. Tuition fees for each course are approximately 7,500 BDT per course per semester (though this varies by program and department). The Department of Statistics and Data Science, for example, charges a semester fee of 7,000 BDT and tuition fees of 7,500 BDT per course, with fees payable in one installment within one month of admission, and a 20 percent late fee for delays. As a fully residential university, all students must live on campus, and hall accommodation fees are approximately 3,000-6,000 BDT per semester. Meal charges for the hall dining facilities are additional, approximately 2,000-3,000 BDT per month. Over the full four-year undergraduate program, including tuition, semester fees, hall fees, meals, books, supplies, and personal expenses, a student might spend approximately 150,000-250,000 BDT (\$1,400-2,300 USD) total. The estimated cost of living per year, including accommodation (\$760), food (\$1,640), transport (\$240), and utilities (\$660), totals approximately \$3,300 USD per year according to QS estimates. The university provides a cost-effective education that offers exceptional value given the quality of academic programs, residential facilities, and campus amenities available to students.

Rankings

Jahangirnagar University has maintained competitive positions in national and international university rankings. In the QS World University Rankings, JU was placed in the 1201-1400 bracket for 2024, 2025, and 2026, though it declined to 1401+ in 2027. In the QS Asia University Rankings 2025, JU was ranked 292nd in Asia, improving from the 304th position in 2026. The Times Higher Education (THE) World University Rankings 2026 placed JU in the 801-1000 bracket globally, a position it has consistently held since 2024. THE subject rankings 2026 show JU at 401-500 for Computer Science, 601-800 for Life Sciences, 801-1000 for Physical Sciences, and 801-1000 for Social Sciences. In THE Sustainability Impact Rankings 2026, JU placed in the 1001-1500 range globally. The U.S. News & World Report Best Global Universities Rankings 2025-2026 placed JU at 1435 globally, dropping from 1414 in 2025. The Webometrics Ranking of World Universities January 2026 placed JU 8th in Bangladesh with a world rank of 2054, with impact rank of 6268, openness rank of 1532, and excellence rank of 1423. EduRank 2026 ranked JU 4th in Bangladesh, 611th in Asia, and 2209th in the world, with strong performance in Biology (5th in BD), Chemistry (5th in BD), and Liberal Arts and Social Sciences. The SCImago Institutions Rankings 2026 placed JU at 4714th globally, 44th percentile overall, with research percentile of 42, innovation percentile of 55, and societal percentile of 36. The uniRank 2026

ranked JU 14th among Bangladeshi universities. JU has been consistently ranked among the top 5-8 universities in Bangladesh across most ranking systems.

Campus and Facilities Overview

Jahangirnagar University's campus is renowned as one of the most beautiful and ecologically diverse university campuses in Bangladesh, sprawling across 697.56 acres (2.8 km²) in Savar, Dhaka. As the only fully residential public university in Bangladesh, the campus accommodates all students in its residential halls, creating a unique 24/7 academic community. The campus features six academic zones housing the faculties and departments, each with modern classrooms, well-equipped laboratories, seminar rooms, and faculty offices. The administrative zone includes the Registrar Building, the Vice-Chancellor's Office, and other administrative offices. The Zahir Raihan Auditorium, named after the renowned Bangladeshi novelist and filmmaker, is a major cultural venue hosting international conferences, drama performances, concerts, and university convocations. The Teachers-Student Centre (TSC) serves as a hub for cultural activities, seminars, student club meetings, and social gatherings. The university has 21 residential halls with a combined seating capacity of 14,362 students, including six newly constructed ten-storied halls that were added to address accommodation needs. The residential facilities include halls named after prominent Bangladeshi figures such as Bangabandhu Sheikh Mujibur Rahman Hall, Nawab Faizunnesa Hall, and Mir Mosharraf Hossain Hall. The central mosque near the main entrance is a prominent architectural landmark. The campus is famous for its lakes, water bodies, and rich biodiversity, including a butterfly sanctuary and habitats for migratory birds that flock to the area each winter in thousands. The Central Shaheed Minar (Martyrs' Monument) is an important cultural landmark. Sports facilities include the central field for cricket and football, a large swimming pool, basketball courts, volleyball courts, tennis courts, and a gymnasium. The campus also features a medical center, bank, post office, numerous cafeterias and food stalls, including the popular Bot Tola and Tarzan Point areas where students gather for traditional foods, tea, and snacks.

Scholarships and Financial Aid Overview

Jahangirnagar University offers a range of scholarship and financial aid programs to support its students. The university has a notable policy of reserving approximately 50 percent of its admission seats for female students, making it unique among Bangladeshi universities. Merit scholarships are awarded to students who achieve top academic performance in their respective departments and batches, with the Jahangirnagar University Merit Scholarship being awarded annually to the highest-performing students in each year of study, as evidenced by faculty profiles showing students receiving this scholarship for multiple consecutive years based on academic excellence. The Jahangirnagar University Entrance Scholarship is awarded to the top-ranked student in the admission test for each department. The Vice-Chancellor's Scholarship provides financial support to outstanding students. The National Science and Technology (NST) Fellowship program provides research grants and monthly stipends for MPhil and PhD students conducting scientific research, with awards typically ranging from 25,000 to 50,000 BDT per year. The Bangabandhu Sheikh Mujibur Rahman Scholarship is a government-sponsored program for meritorious students from freedom fighter families. Need-based financial aid is available for economically disadvantaged students through tuition fee waivers and monthly stipends, assessed

based on family income. The university also administers the Prime Minister's Fellowship for outstanding graduate students. The University Grants Commission (UGC) provides research grants for faculty and student research projects. Additionally, various private organizations, corporate sponsors, and individual donors provide targeted scholarships and stipends for students in specific disciplines. For example, the Nippon Foundation-Bangladesh Scholarship Council Scholarship has supported top-performing students. Some departments also have their own scholarship funds established through alumni donations and endowments. International students may be eligible for scholarships through bilateral agreements between Bangladesh and their home countries.

Notable Features

Jahangirnagar University possesses several unique features that distinguish it among Bangladeshi universities. It is the only fully residential public university in Bangladesh, requiring all students to live on campus in university dormitories, which creates a distinctive campus culture and strong sense of community. The university reserves approximately 50 percent of its admission seats for female students, the highest proportion among all Bangladeshi universities and a deliberate policy to promote gender equity in higher education. The campus is renowned as an ecological sanctuary, featuring a butterfly sanctuary that hosts an annual Butterfly Fair to raise awareness about biodiversity, attracting children and the general public. The university's lakes and water bodies make it a habitat for thousands of migratory birds each winter, making it a popular destination for birdwatchers and nature enthusiasts. The Department of Archaeology gained national and international recognition for its significant discoveries, including the Wari-Bateshwar archaeological site, an ancient fortified settlement dating back to the early historic period, and findings in the Sundarbans mangrove forest indicating human habitation dating back 1,000-1,200 years, led by Professor Sufi Mostafizur Rahman. The campus features unique landmarks such as Bot Tola and Tarzan Point, which are popular gathering spots for students to enjoy traditional foods and socialize. The university has a strong tradition of cultural activities and political engagement, with students actively participating in drama, music, fine arts, and literary societies. JU has produced many of Bangladesh's most celebrated cultural figures including playwright Selim Al Deen, actor Humayun Faridi, and the country's top cricketers like Mashrafe Bin Mortaza and Mushfiqur Rahim. The university is also noted for its strong programs in environmental sciences, geography, and archaeology, which leverage its unique campus environment for field-based learning and research.

Course Details and Credit Costing

At Jahangirnagar University, the detailed fee structure for courses varies by department and program level. For undergraduate programs in the Faculty of Mathematical and Physical Sciences and the Faculty of Biological Sciences, students pay a semester fee of approximately 7,000 BDT per semester, which includes registration, library, examination, student activity, and medical fees. In addition, tuition fees for each course are approximately 7,500 BDT per course per semester, based on the Department of Statistics and Data Science fee structure. For a typical semester where a student takes 5-6 courses (approximately 15-20 credits), the total course tuition would be 37,500-45,000 BDT, plus the semester fee. A laboratory course typically incurs an additional lab fee of approximately 1,000-2,000 BDT per course per semester. For specific departments, the total fee

package per semester might range from 8,000-15,000 BDT depending on the number of courses and laboratory requirements. The admission fee at the time of enrollment is approximately 5,000-10,000 BDT. For the Department of Geography and Environment, the undergraduate program (Part I) has 26 credit hours with courses in Geomorphology, Economic Geography, Statistics, English, and practical laboratory courses, each carrying specific credit values. For postgraduate programs (MSc, MSS, MA, MBA), per-credit fees are slightly higher, typically ranging from 600-1,000 BDT per credit, with total program costs of 30,000-60,000 BDT for a 1-2 year master's program. Executive MBA and professional master's programs have higher fee structures. Hall accommodation fees are approximately 3,000-6,000 BDT per semester. The university's financial aid office can provide detailed fee breakdowns for specific programs. Payment is typically made in one installment at the beginning of each semester, with late payment attracting a 20 percent additional charge.

Faculty Information

Jahangirnagar University has a distinguished faculty of over 700 academic members, including approximately 200 full professors, supported by more than 2,018 administrative staff (as of 2018). The student-to-faculty ratio is approximately 16.9 students per staff member according to THE World University Rankings 2026 data. Notable faculty members include Professor A F Salahuddin Ahmed, a National Professor and renowned historian who founded the Department of History in 1972. Professor Dr. Mofiz Uddin Ahmad served as the first Vice-Chancellor and was a renowned chemist. Professor Abdullah Al Mamun (A A Mamun) is a notable physicist and researcher who is also a JU alumni and professor of physics. Professor Dr. Md. Golam Mostafa of the Department of Zoology is an internationally recognized expert in medical and forensic entomology who obtained his DSc from Kumamoto University, Japan, and conducted postdoctoral research at the University of Pierre and Marie Curie, Paris, and Brock University, Canada. Professor Dr. M. Nazrul Islam serves as Director of the Institute of Remote Sensing and GIS with nearly 35 years of teaching experience. Professor Nusrat Zahan of International Relations is a scholar with international training including at the University of Manchester and University of Manitoba. Professor Bashir Ahmed of Government and Politics is a public intellectual whose analyses on governance and geopolitics feature in national and international media. The Deans of the six faculties are senior professors who oversee academic programs and faculty development. Many faculty members hold PhDs from prestigious international universities in Japan, the United Kingdom, Germany, Canada, the United States, Australia, and other countries. The university has strong research output with 8,640 academic publications and 150,946 citations attributed to JU according to EduRank 2026 data.

Scholarships (Detailed)

Jahangirnagar University offers several specific scholarship programs with detailed criteria. The Jahangirnagar University Merit Scholarship is awarded to students who achieve top positions in their academic year; recipients receive a tuition fee waiver and/or a cash stipend, and must maintain a minimum CGPA of 3.50 to continue receiving the scholarship in subsequent years. For example, in the Department of Biochemistry and Molecular Biology, a student received this scholarship in 2019 based on MSc results, and another received it for four consecutive years (2015-2018) during their BSc program. The Jahangirnagar University Entrance Scholarship is awarded to the

student who achieves the first position in the admission test for each department, providing a one-time financial award or tuition fee waiver for the first year. The National Science and Technology (NST) Fellowship is a government-funded program providing research grants of 25,000-50,000 BDT and monthly stipends of 10,000-15,000 BDT for MPhil and PhD students engaged in scientific research, with recipients required to submit research progress reports periodically. The Bangabandhu Sheikh Mujibur Rahman Scholarship provides full tuition waivers and monthly stipends for children of freedom fighters who demonstrate academic excellence. The Prime Minister's Fellowship supports outstanding graduate students pursuing higher education in priority fields. The Japan International Angels Association Scholarship has supported top-performing students at the primary and secondary levels who subsequently study at JU. Need-based financial aid provides partial to full tuition fee waivers for economically disadvantaged students, assessed annually based on family income documentation. The University Grants Commission (UGC) provides research grants for faculty-mentored student research projects. The Faculty of Arts and Humanities and the University Grants Commission also provide study and research grants for faculty and students. The Graduate Biochemists Association (GBA) Award recognizes exceptional service and academic achievement. Selection for most scholarships is based on academic performance, with application processes varying by scholarship type.

Student Numbers

Jahangirnagar University has a total student population of approximately 17,212 (as of 2019), comprising 10,788 undergraduates and 2,235 postgraduates, with an additional 1,962 doctoral students. The university has over 700 faculty members and more than 2,018 administrative staff. According to THE World University Rankings 2026, the total number of students is 11,895 with a student gender ratio of approximately 50 percent female and 50 percent male, reflecting JU's policy of reserving about half of its seats for female students. The university has a very low proportion of international students (less than 1 percent), though it does host some students from neighboring countries under bilateral agreements. International student numbers are limited but growing as the university develops its global outreach programs. The student-to-faculty ratio is approximately 16.9:1 according to THE data, which is relatively favorable for a Bangladeshi public university. The student body is distributed across six faculties and four institutes, with the largest faculties typically being Social Sciences, Arts and Humanities, and Biological Sciences. The admission acceptance rate is highly competitive at approximately 10-16 percent depending on the year and unit, with the D Unit (Biological Sciences) being the most competitive at 280 applicants per seat. The university's fully residential nature means that nearly all students live on campus, contributing to a vibrant 24/7 campus life. The student population is diverse in geographic origin, with students coming from all 64 districts of Bangladesh, representing both urban and rural backgrounds.

Research

Jahangirnagar University has a strong and growing research culture, supported by multiple research centers and institutes. The Wazed Miah Science Research Center is a key interdisciplinary research facility supporting scientific inquiry across departments. The university houses four major research institutes: the Institute of Business Administration (IBA-JU), the Institute of Information

Technology (IIT), the Institute of Remote Sensing and GIS (IRS), and the Bangabandhu Institute of Comparative Literature and Culture (ICLC). The IRS, directed by Professor Dr. M. Nazrul Islam, conducts cutting-edge research in remote sensing, GIS, drone technology, and climate change applications, and publishes the Jahangirnagar University Journal of Geospatial Sciences. According to EduRank 2026 data, JU has produced 8,640 academic publications with 150,946 citations, ranking 4th in Bangladesh for research output. The university's strongest research areas include Biology (4,892 publications, 95,142 citations, ranked 5th in BD), Chemistry (4,308 publications, 85,083 citations, ranked 5th in BD), and Liberal Arts and Social Sciences. The Department of Archaeology gained international recognition for discovering the Wari-Bateshwar archaeological site and for research in the Sundarbans indicating human settlement dating back 1,000-1,200 years. The university publishes several peer-reviewed academic journals including the Jahangirnagar University Journal of Science (a multidisciplinary science journal published twice yearly), the Jahangirnagar University Journal of Electronics and Computer Science (JUJECS, published annually by the Department of CSE), the Jahangirnagar Review (Social Science), the Jahangirnagar University Journal of Marketing (JUJM), the Bangladesh Journal of Environmental Research (ISSN: 1996-8914), and Harvest (annual journal of the Department of English). The university also operates the Jahangirnagar University Journal portal (ju-journal.org) which provides online access to all university publications. Faculty members regularly receive research grants from the University Grants Commission (UGC) and the university's own research fund. The university has a strong focus on environmental and climate change research, leveraging its unique campus ecosystem.

Innovation

Jahangirnagar University has been fostering innovation through various initiatives and partnerships. The university's Institute of Information Technology (IIT) and Department of Computer Science and Engineering actively engage in software development, digital solutions, and technology innovation projects. The university has established an Innovation and Entrepreneurship Cell to support student and faculty startups and facilitate technology transfer. The university recently signed a Memorandum of Understanding (MoU) with Supreme Seed Company Limited in June 2026, reflecting growing industry-academia partnerships in the agricultural and biotechnology sectors. The Institute of Remote Sensing and GIS provides innovative training and research services using drone technology, GIS mapping, and remote sensing applications for government agencies and private sector clients. The university has been actively holding workshops on AI Tools and Intelligent Workflows for Modern Research and University Ranking: Action Plan workshops, demonstrating its commitment to improving research quality and institutional performance. The Department of Biotechnology and Genetic Engineering has organized international seminars and conferences on biotechnology, biosafety, and biosecurity, fostering knowledge exchange and innovation. The university's partnership with the US Department of State has enabled faculty exchanges and training programs. The annual Butterfly Fair organized by JU is a unique innovation in public engagement and environmental awareness, attracting visitors from across the country. The university has also been working on digitizing its administrative processes through the implementation of a Computerized Accounting System for the Comptroller's Office and the establishment of an Automation Cell. Recent faculty publications demonstrate innovation in fields including

carbon accounting, greenwashing behavior in corporations, forensic entomology, antimicrobial research using insect larvae, and climate change adaptation strategies.

Administration

The administration of Jahangirnagar University is governed by the Jahangirnagar University Act of 1973. The President of Bangladesh serves as the Chancellor, the ceremonial head of the university. The Vice-Chancellor is the chief executive officer responsible for all academic and administrative affairs; the current Vice-Chancellor is Professor Mohammad Kamrul Ahsan, who has been leading the university through a period of academic development and infrastructure expansion. The Pro Vice-Chancellor (Academic) is Professor M. Mahfuzur Rahman, who oversees academic programs, curriculum development, and quality assurance. The Pro Vice-Chancellor (Administration) is responsible for administrative and operational matters; recent appointments include Professor Dr. Md. Shamsul Alam (Academic) and Professor Dr. Muhammad Nazrul Islam (Administration) who joined their positions in 2024-2025. The Treasurer manages the university's finances, budget, and accounts. The Registrar serves as the secretary of the Senate, the Syndicate, and the Academic Council, maintaining official records and managing administrative operations; as specified in the JU Act of 1973 Article 16, the Registrar also maintains the register of Registered Graduates. The university's governing bodies include the Senate (the highest academic body approving policies and degrees), the Syndicate (the executive body managing day-to-day administration), the Academic Council (responsible for academic standards, curricula, and examinations), the Finance Committee, and the Faculty Committees for each faculty. The Deans of the six faculties (Arts and Humanities, Mathematical and Physical Sciences, Social Sciences, Biological Sciences, Business Studies, and Law) oversee academic programs within their respective faculties. The Director of the Institutes, the Controller of Examinations, the Proctor, and the Librarian are key administrative officers. The university also has various standing committees including the Admission Committee, the Research and Development Committee, and the Planning and Development Committee.

News

Recent developments at Jahangirnagar University from 2024 to 2026 include several significant events. In June 2026, the university signed a Memorandum of Understanding (MoU) with Supreme Seed Company Limited, marking an important industry-academia collaboration in agriculture and biotechnology. A workshop on 'University Ranking: Action Plan' was held on June 30, 2026, demonstrating the university's strategic focus on improving its position in international rankings. The annual senate session of JU was held in June 2026, where key academic and administrative decisions were discussed. In December 2025, the university called for papers for the Jahangirnagar University Journal of Geospatial Sciences published by the Institute of Remote Sensing and GIS. The university held its 54th founding anniversary celebration on January 12, 2025, marking another year of academic excellence and heritage. New residential halls construction was completed, with six new ten-storied buildings bringing the total number of halls to 21 with a capacity of 14,362 students, addressing the long-standing accommodation shortage. Professor Dr. Md. Shamsul Alam and Professor Dr. Muhammad Nazrul Islam were appointed as Pro Vice-Chancellors (Academic and Administration respectively). The

university faced some controversies including a show-cause notice issued to four students over a Taliban flag incident, a probe committee formed over an attempted rape incident, and a student-led protest locking the proctor office in response to the incident. In terms of international engagement, a 'Meet The Ambassador: Talking Diplomacy for Cooperation' discussion program was organized. An AI Tools and Intelligent Workflows for Modern Research workshop was conducted in 2026. The university continues to upgrade its curricula and open modern departments, with the most recent addition being the Department of Public Health Informatics. JU experts were also involved in verifying 47 Mahasthangarh museum artefacts for the government.

Help Desk and Student Services

Jahangirnagar University maintains a range of student support services to assist students throughout their academic journey. The university's official website (juniv.edu) provides access to various student services including online result checking, downloadable forms, and important notices. The Registrar's Office handles academic documentation, transcripts, degree verification, and official correspondence. The Proctor's Office is responsible for maintaining campus discipline, student conduct, and security, operating a 24-hour emergency response system. The university has a dedicated medical center that provides outpatient healthcare services, first aid, and emergency medical care to students and staff, with referral arrangements with hospitals in Savar and Dhaka for specialized treatment. The Teachers-Student Centre (TSC) serves as both a social hub and a support center where students can seek guidance from faculty members and advisors. The university's counseling services provide psychological support and career guidance through the Department of Student Guidance and Counseling. The IT Help Desk supports students with email services (students can apply for a student email ID through the JU website), internet connectivity, and access to online resources. The Sexual Harassment Complaints Committee provides a formal mechanism for reporting and addressing complaints of sexual harassment, with contact information available on the university website. The Office of the Proctor handles student complaints, grievances, and disciplinary issues. Each department has administrative staff who assist students with academic advising, course registration, and departmental queries. The library's reference desk provides research assistance and information services. Students can also access downloadable forms for various purposes through the university website's download center.

Alumni

Jahangirnagar University has produced a distinguished array of alumni who have excelled in diverse fields including sports, entertainment, academia, politics, and literature. Among the most famous JU alumni is Mushfiquur Rahim, the legendary Bangladeshi cricketer and former captain of the Bangladesh national cricket team, who is the all-time highest Bangladeshi run-scorer across all three international formats. Another iconic sports figure is Mashrafe Bin Mortaza, former captain of the Bangladesh cricket team and widely regarded as the most successful captain in Bangladesh cricket history, who also served as a Member of Parliament for the Narail-2 constituency from 2019 to 2024 after studying at JU from 2003 to 2007. In the cultural sphere, Humayun Faridi (Humayun Kamrul Islam), a legendary Bangladeshi actor who worked in television dramas, films, and theatre, won the Bangladesh National Film Award for Best Actor for his role in Matritto (2004) and was posthumously

awarded the Ekushey Padak in 2018. Selim Al Deen was a renowned playwright and theatrical artist who made transformative contributions to Bangladeshi drama. Other notable alumni include Kafil Ahmed, a poet, singer, and painter of contemporary Bangladesh; Shajal Noor (Abdun Noor Shajal), a popular actor and model; A A Mamun (Prof. Abdullah Al Mamun), a distinguished physicist and researcher; Faruque Ahmed, a theatre and television actor; Azam Ali, a scientist known for developing wound dressing technology; AKM Enamul Haque Shamim, a former MP and Deputy Minister of Water Resources; Arindam Banik, Director of IMI Kolkata; Professor Abdul Hannan Chowdhury, Vice-Chancellor of North South University and Chairman of Grameen Bank; and Saymon Zakaria, a folk researcher and deputy director at Bangla Academy who received the Bangla Academy Literary Award in 2020. The Jahangirnagar University Alumni Association maintains an online platform (jualumni.org) with over 932 registered and approved members, facilitating networking and alumni engagement.

Campus

The Jahangirnagar University campus is widely celebrated as one of the most beautiful university campuses in Bangladesh, spanning 697.56 acres of undulating terrain in Savar, Dhaka. The campus is a unique blend of academic infrastructure and natural wilderness, featuring lush green fields, artificially created lakes, forested areas, and extensive gardens that support remarkable biodiversity. The academic zone comprises modern buildings housing each faculty and department, including purpose-built structures for specialized disciplines. The Zahir Raihan Auditorium is a landmark venue for cultural performances and conferences. The Teachers-Student Centre (TSC) serves as the social and cultural nucleus of the campus. The residential zone consists of 21 student halls, including newly constructed ten-storied buildings, spread across the campus landscape. Each hall has its own dining facility, common room, library, and recreational areas. Notable landmarks include the Central Shaheed Minar, the monument of Sangshaptak, and the central mosque near the main entrance. The campus is renowned for its ecological richness, featuring a butterfly sanctuary that hosts the annual Butterfly Fair, multiple lakes where water lilies and lotuses bloom, and habitats for thousands of winter migratory birds that flock to the campus each year. Popular student gathering spots include Bot Tola (a shaded area under a large banyan tree) and Tarzan Point, both famous for traditional Bangladeshi street food including fuchka, chaat, jhalmuri, and various types of tea, coffee, and shakes. The 'London Bridge' is another intriguingly named spot at the junction of two expansive lakes, popular for birdwatching along the pathway to the Registrar Building. The campus has several entrance gates including the main Dairy Gate, Joy Bangla Gate (also known as Prantik Gate), and Mir Mosharraf Hossain Hall Gate. The university's fully residential nature ensures that the campus remains active around the clock with students engaged in academic, cultural, and social activities.

Transport

Jahangirnagar University is located approximately 30 kilometers from central Dhaka in Savar, well-connected by the national highway. The university operates a fleet of buses that provide regular transportation services for students, faculty, and staff along several routes connecting the campus to key locations in Dhaka city, including Gabtoli, Asadgate, and Farmgate, as well as to Savar town center. The bus service operates on a scheduled basis, with increased frequency

during peak hours when students commute between Dhaka and the campus. As a fully residential university where all students live on campus, the internal transportation within the campus is primarily by foot, bicycle, and battery-operated rickshaws. The campus is designed to be walkable, with academic buildings, residential halls, the library, and other facilities connected by paved pathways and roads. Auto-rickshaws (CNGs) and local rickshaws are readily available at the campus gates for trips to nearby Savar town and other local destinations. For intercity travel, the campus is accessible by bus from Dhaka's Gabtoli bus terminal via the Dhaka-Savar-Aricha highway, with many private and public buses plying the route. The university is approximately 35 kilometers from Hazrat Shahjalal International Airport in Dhaka and about 40 kilometers from the Kamalapur Railway Station. Ride-sharing services like Uber and Pathao are increasingly available for transport to and from the campus. The university has designated parking areas for faculty and staff vehicles. The main campus entrance (Dairy Gate) is located on the Dhaka-Aricha highway, making it easily accessible by road. Local bus services from Mirpur, Mohammadpur, and other Dhaka neighborhoods regularly pass near the campus.

Library

The Central Library of Jahangirnagar University was established in 1985 and is housed in a purpose-built building located behind the Sangshaptak monument, conveniently situated between the main academic buildings and the residential halls. The library has a substantial collection of over 110,000 books, 14,000 hardbound journals, 22,000 online journals, and access to 36 online journal databases. The library subscribes to numerous current periodicals in both print and electronic formats. The library serves students, faculty, and researchers from all departments, with reading rooms providing seating for hundreds of users. The library is open during regular university hours and extends its hours during examination periods. The library has implemented modern technologies including a computerized catalog system and digital resource access. The library provides access to major academic databases through the University Grants Commission's digital library program and the PERI (Program for the Enhancement of Research Information) initiative. The collection spans all major disciplines offered at the university, with particularly strong holdings in the social sciences, biological sciences, and humanities. The library's special collections include rare books and manuscripts, theses and dissertations by JU scholars, and publications of the university's various academic departments. The library has a reference section, periodicals section, digital resource center with computer terminals, and discussion rooms for group study. The university also maintains departmental seminar libraries in most faculties and institutes, providing specialized collections for students and faculty in specific disciplines. The library staff provides reference assistance, research support, and information literacy training to help users effectively navigate the library's resources.

Career Opportunities

Jahangirnagar University provides career development and employment support through multiple initiatives. The Career Counseling and Placement Center assists students with career planning, resume writing, interview preparation, and job placement. The university organizes annual career fairs and recruitment events that bring together leading Bangladeshi and multinational employers from diverse sectors including banking, telecommunications, information technology, manufacturing, development organizations,

and government services. The university's strong reputation and the quality of its graduates ensure regular campus recruitment by top employers. JU graduates work in leading organizations in Bangladesh and abroad, with a strong presence in academia, research institutions, government service, the banking sector, NGOs, and international development agencies. The alumni network, with over 932 registered members on the JU Alumni Association platform, provides professional networking opportunities, job referrals, and mentorship for current students and recent graduates. The Institute of Business Administration (IBA-JU) has particularly strong corporate connections and placement records for its MBA graduates. The university's Career Counseling Center provides guidance on entrepreneurship for students interested in starting their own ventures. Internship programs are integrated into many departmental curricula, requiring students to complete practical training in relevant organizations. The university's industry partnerships, including the recent MoU with Supreme Seed Company Limited (signed June 2026), provide internship and job placement opportunities for students. JU graduates are also well-prepared for higher education, with many admitted to prestigious international universities for master's and doctoral programs, particularly in the United Kingdom, the United States, Canada, Japan, Germany, and Australia. The university's research focus prepares many graduates for careers in research and development in both academic and industry settings.
