

SUST Knowledge Base

Shahjalal University of Science and Technology (SUST)

SUST was established on August 25, 1986, as the first specialized science and technology university in Bangladesh, though academic activities did not begin until February 13, 1991. It is located on a sprawling 320-acre campus in Kumargaon, Sylhet, earning it the nickname “the Stanford of the East” for its pioneering contributions to STEM education in Bangladesh. The university was also the first in the country to adopt the American credit and semester system and the first to introduce integrated honors degrees.

The university’s 7 schools encompass 28 departments covering agriculture, applied sciences, life sciences, business, medical sciences, physical sciences, and social sciences. Its approximately 597 faculty members teach around 12,596 students. Notable academic units include the departments of Computer Science and Engineering, Electrical and Electronic Engineering, Genetic Engineering and Biotechnology, and Food Engineering and Tea Technology — the latter reflecting Sylhet’s famous tea industry.

SUST’s faculty includes many distinguished scholars. In CSE, Professor Dr. K. M. Azharul Hasan serves as department chair, alongside professors like Dr. Mohammad Mahfuzur Rahman, Dr. M. M. A. Hashem, and Dr. Mohammad Rashedur Rahman. The EEE department features Dr. M. Abdul Hamid and Dr. M. Shafiul Alam. The university has a strong research culture, with the highest research expenditure among all Bangladeshi universities as of 2017.

Admission to SUST is extremely competitive, with an acceptance rate of approximately 1.9 percent. The undergraduate admission is divided into four units: A for Science and Technology, B for Life Sciences and Agriculture, C for Business Studies, and D for Social Sciences and Humanities. Each unit requires minimum HSC GPAs ranging from 3.5 to 4.5 depending on the program. The admission test is a 100-mark MCQ examination followed by a viva. Graduate programs include Master’s, MPhil, and PhD degrees with department-specific requirements.

Tuition fees are minimal as a public university, with semester fees around BDT 1,500 to 3,000 and lab fees of BDT 500 to 1,000 per course. Hall rent is also nominal. Scholarships include merit-based awards for top performers in each batch, trust fund scholarships, government scholarships for disadvantaged students, and research fellowships for graduate researchers.

SUST has a vibrant student life with over 25 clubs. The SUST Computer Club, Robotics Society, and IEEE Student Branch are technically focused, while the Debating Society, Cultural Society, Photographic Society, Film Society, and Adventure Club cater to broader interests. The most famous student achievement is the SUST team that won the NASA Space Apps Challenge world championship

in 2018, a historic moment for Bangladesh. The university provides free Wi-Fi across its entire campus and was the first in Bangladesh to offer paperless SMS-based admission test registration.

In terms of rankings, SUST is placed at 1201-1400 globally by QS World University Rankings 2026 and 337th in Asia. THE World University Rankings place it at 1201-1500. EduRank ranks it fifth in Bangladesh. The university has faced periodic academic calendar disruptions due to political instability, and occasional clashes between student groups have led to temporary campus closures. Faculty recruitment is conducted through the University Grants Commission and advertised on the university website.

Admission Process

Admission to SUST undergraduate programs is highly competitive, with acceptance rates typically below 2 percent. For the 2025-2026 academic year, the application process begins online through the official admission portal at admission.sust.edu.bd, where candidates must first register by providing their SSC and HSC information, board, roll numbers, and mobile numbers to receive a User ID and password. Applicants then fill in personal details, upload a 300x400 pixel photograph, select their desired unit, choose the medium of questions (Bangla or English), and indicate any reserved seat eligibility before paying the required fees. SUST organizes its undergraduate admissions into two main units: A Unit for science group students (requiring a minimum combined GPA of 6.5 in SSC and HSC with at least 3.0 in each, plus a minimum GPA of 3.0 in HSC Mathematics) and B Unit open to students from all backgrounds (Science, Humanities, and Commerce) requiring a combined GPA of 6.0 with minimum 3.0 in each. The admission test consists of 80 multiple-choice questions to be answered in 90 minutes, with subject distribution varying by unit: A Unit tests Physics, Chemistry, Mathematics, English, and IQ while B Unit tests English, Math, Analytical Ability, and General Knowledge. For Architecture department applicants, an additional drawing and architecture-related general knowledge examination is required, and candidates must obtain minimum 40 percent marks in that test. Candidates applying to Genetic Engineering and Biotechnology or Biochemistry and Molecular Biology must answer Biology questions. The application fee is approximately 700-1000 BDT per unit, and candidates may apply for both units by submitting separate applications and fees. The admission test is typically held in January or February, with results published online and via SMS. Selected candidates then participate in a viva voce examination before final merit lists are published, after which admitted students choose their subjects based on merit rank during the migration process. SUST follows the government quota system including freedom fighter quotas, tribal quotas, and special quotas for children of university employees, with reserved seats allocated accordingly.

Degrees Offered

SUST offers a comprehensive range of undergraduate and postgraduate degree programs across its seven schools and 27 departments. At the undergraduate level, the university offers four-year Bachelor of Science (Honors) degrees in Physics, Chemistry, Mathematics, Statistics, Computer Science and Engineering, Civil and Environmental Engineering, Chemical Engineering and Polymer Science, Industrial and Production Engineering, Geo-resources Engineering, Food Engineering and Tea Technology, Genetic

Engineering and Biotechnology, Biochemistry and Molecular Biology, Architecture (BArch), Environmental Science, and Geography. It also offers Bachelor of Social Science (Honors) degrees in Economics, Anthropology, Sociology, Social Work, Political Studies, and Public Administration, as well as Bachelor of Arts (Honors) in English, Bangla, and Philosophy, and a Bachelor of Business Administration (BBA). At the postgraduate level, SUST offers Master of Science (MSc) degrees in most science and engineering disciplines, Master of Social Science (MSS) in social science fields, Master of Arts (MA) in humanities, and Master of Business Administration (MBA), along with Master of Philosophy (MPhil) and Doctor of Philosophy (PhD) programs across all departments. The university also offers professional and specialized programs including a Master's in Information Technology and postgraduate diplomas in various fields. Through the School of Medical Sciences, SUST affiliates with 12 medical colleges offering MBBS degrees to approximately 4,000 students. The university's two institutes offer specialized degrees: the Institute of Information and Communication Technology (IICT) and other interdisciplinary programs. Additionally, SUST offers certificate courses in various disciplines and runs continuing education programs for working professionals. The university also offers weekend and evening programs for certain master's degrees to accommodate working students.

Faculties and Departments

SUST is organized into seven Schools (faculties) which together house 27 academic departments and two institutes. The School of Applied Sciences and Technology includes the Departments of Architecture, Chemical Engineering and Polymer Science, Computer Science and Engineering, Civil and Environmental Engineering, Industrial and Production Engineering, Geo-resources Engineering, and Food Engineering and Tea Technology. The School of Life Sciences comprises the Departments of Genetic Engineering and Biotechnology, Biochemistry and Molecular Biology, Pharmacy, and Environmental Science. The School of Physical Sciences encompasses the Departments of Physics, Chemistry, Mathematics, and Statistics. The School of Social Sciences includes the Departments of Economics, Anthropology, Sociology, Social Work, Political Studies, Public Administration, and also houses the Department of Geography and Environment. The School of Business offers the Department of Business Administration, which provides BBA and MBA programs. The School of Agriculture and Mineral Sciences includes the Department of Agriculture and Forestry. Additionally, the university has a School of Medical Sciences that oversees affiliated medical colleges. SUST also has two specialized institutes: the Institute of Information and Communication Technology (IICT) and the Institute of Environmental Studies. The university's research centers include the Center for Advanced Materials Research, the Center for Renewable Energy Research, the Center for Environmental Studies, and the Robotics and Intelligent Systems Lab. Some of the oldest and largest departments include Physics and Chemistry (established 1991), while newer departments such as Food Engineering and Tea Technology and Geo-resources Engineering were added more recently as the university expanded to meet emerging educational needs. Each department is headed by a chairperson and operates under the academic oversight of its respective School's Dean.

Faculties and Departments (Detailed)

Detailed information about all faculties and departments at Shahjalal University of Science and Technology (SUST) is provided below.

School of Applied Sciences and Technology — Dean: Prof. Dr. Md. Ariful Islam. Contact: dean-app@sust.edu.

Department of Architecture (ARC)

Faculty Roster: - *Iftekhhar Rahman* - (Professor & Head) - Research: Architecture and Environment; Urban Microclimate; Evidence Based Design - Contact: ifti48buet-arc@sust.edu, +8801711120218 - *Dr. Md. Mustafizur Rahman* - (Professor) - Research: Urban Design and Planning; Building Conservation; Architectural Heritage - Contact: mustafiz-arc@sust.edu, +8801712127544 - *Kawshik Saha* - (Professor (On Leave)) - Research: Architectural Design; Urban Planning - *Mohammad Shamsul Arefin* - (Professor) - Research: Urban and Rural Housing; Urban and Housing Landscape; Architectural Theory and Criticism - Contact: msan_arch-arc@sust.edu, +8801719482862 - *K Taufiq Elahi* - (Associate Professor) - Research: Society and Architecture of Bengal; Informal Sectors in Housing; History, Theory and Criticism - Contact: elahi-arc@sust.edu, +8801786128656 - *Mohammad Tanvir Hasan* - (Associate Professor) - Research: Urban Design; Urban Morphology; Public Space and Street; Landscape Ecology - Contact: tanvir-arc@sust.edu, +8801676710551 - *Subrata Das* - (Associate Professor) - Research: Architecture; Urban Design - *Hossain Mohammad Nahyan* - (Associate Professor (On Leave)) - Research: Architecture - *Shahidul Islam* - (Associate Professor) - Research: Society and Architecture of Bengal; Heritage Conservation; Vernacular Architecture - Contact: shahidul-arc@sust.edu, +8801748553090 - *Sazdik Ahmed* - (Associate Professor (On Leave)) - Research: Vernacular Architecture; Building Conservation; Architectural Heritage; Green Architecture - Contact: sazdik-arc@sust.edu, +8801722443733 - *Gourpada Dey* - (Assistant Professor) - Research: Disaster Resilience; Sustainable Architecture; Environment and Ecology; History and Conservation - Contact: gourpadadey-arc@sust.edu, +8801717362528 - *Rupak Dash* - (Assistant Professor (On Leave)) - Research: Architecture - *Shahla Safwat Ravhee* - (Assistant Professor (On Leave)) - Research: Architecture - *Abhijit Mazumdar* - (Assistant Professor) - Research: Incremental Development; Disaster Risk Assessment; Building Services and Safety - Contact: abhijit-arc@sust.edu, +8801710230265 - *Zannat Ara Dilshad Shangi* - (Assistant Professor) - Research: Sustainable Urban Design; Landscape Design; Cost Effective Housing; Heritage Conservation - Contact: ar.shangi-arc@sust.edu, +8801682126614 - *Md Arifur Rahman* - (Assistant Professor) - Research: Urban Design; Integrated Urbanism; Sustainable Design - Contact: ar.kaushik-arc@sust.edu, +8801674302536 - *Nuhash Akando* - (Lecturer) - Research: Architecture - *Shataparna Das* - (Lecturer (On Leave)) - Research: Architecture - *Farha Moon* - (Lecturer) - Research: Architecture : Offers B.Arch, MS, PhD. Faculty strength: approximately 20. Key research areas include Building planning and design; Interior design; Landscape development; Urban planning; Urban renewal. Notable faculty: Ar. Subrata Das - Associate Professor. Facilities: Design studios, CRTC Architecture research center

Department of Chemical Engineering & Polymer Science (CEP)

Faculty Roster: - *Dr Md Kamrul Islam* - (Professor & Head) - Research: Genetic Engineering; Biotechnology - *Dr Md Abul Kalam Azad* - (Professor) - Research: Genetic Engineering - *Md Shamsul Haque Prodhon, PhD* - (Professor) - Research: Biotechnology - *Dr S M Abu Sayem* - (Professor) - Research: Genetic Engineering - *Dr. Md. Abdullah Al Mamun* - (Professor) - Research: Biotechnology - *Dr. Md. Faruque Miah* - (Professor) - Research: Genetic Engineering - *Dr Mohammad Jakir Hosen* - (Professor) - Research: Genetic Engineering - *Dr. Md Jahangir Alam* - (Professor) - Research: Biotechnology -

Dr. Mohammad Zahangir Alam - (Professor) - Research: Genetic Engineering - *Asif Iqbal, Ph.D.* - (Professor) - Research: Biotechnology - *Md Asraful Jahan, PhD* - (Professor) - Research: Genetic Engineering - *Md Shakhinur Islam Mondal, PhD* - (Professor) - Research: Bioinformatics; Genomics - *Dr. Md Ashrafuzzaman* - (Professor) - Research: Biotechnology - *Anindita Chakraborty, PhD* - (Professor (On Leave)) - Research: Genetic Engineering - *Dr. Gokul Chandra Biswas* - (Professor) - Research: Biotechnology - *Zobada Kanak Khan* - (Associate Professor) - Research: Genetic Engineering - *Dr. Md Javed FOYSAL* - (Associate Professor) - Research: Biotechnology - *Md Hazrat Ali* - (Associate Professor) - Research: Genetic Engineering - *Md Hammadul Hoque* - (Associate Professor) - Research: Biotechnology - *Ziaul Faruque Joy* - (Associate Professor) - Research: Genetic Engineering

Faculty Roster: - *Dr. Md Abu Hayat Mithu* - (Professor & Head) - Research: Industrial Engineering; Production Engineering - *Dr. Mustafizur Rahman* - (Distinguished Professor) - Research: Manufacturing; Materials Processing - *Dr. Engr. Mohammad Iqbal* - (Professor) - Research: Industrial Engineering - *Dr Abul Mukid Mohammad Mukaddes* - (Professor) - Research: Industrial Engineering - *Dr Md Ariful Islam* - (Professor) - Research: Industrial Engineering - *Dr. Mohammad Muhshin Aziz Khan* - (Professor) - Research: Industrial Engineering - *Dr Muhammad Mahamood Hasan* - (Professor) - Research: Advanced Materials; Renewable Energy; Solar Energy; Production Engineering - Contact: muhammad.hasan-ipe@sust.edu, +8801937785361 - *Dr. A. B. M. Abdul Malek* - (Professor) - Research: Industrial Engineering - *Dr. Ahmed Sayem* - (Professor) - Research: Industrial Engineering - *Dr. Choudhury Abul Anam Rashed* - (Professor) - Research: Industrial Engineering - *Dr. Mst. Nasima Bagum* - (Professor) - Research: Industrial Engineering - *Syed Misbah Uddin* - (Professor) - Research: Industrial Engineering - *Dr. Md Rezaul Hasan Shumon* - (Professor (On Leave)) - Research: Industrial Engineering - *Chowdury Md Luthfur Rahman* - (Professor) - Research: Industrial Engineering - *Muhammad Abdus Samad* - (Professor) - Research: Industrial Engineering - *Shanta Saha* - (Associate Professor) - Research: Industrial Engineering - *Syeda Kumrun Nahar* - (Associate Professor) - Research: Industrial Engineering - *Engr Mohammed Abdul Karim* - (Associate Professor) - Research: Industrial Engineering - *Jahid Hasan* - (Assistant Professor) - Research: Industrial Engineering - *Pronob Kumar Biswas* - (Assistant Professor (On Leave)) - Research: Industrial Engineering - *Md. Mehedi Hasan Kibria* - (Assistant Professor) - Research: Industrial Engineering - *Saiful Islam* - (Assistant Professor (On Leave)) - Research: Industrial Engineering - *Md. Jahedul Alam* - (Assistant Professor) - Research: Industrial Engineering - *Pritidipto Paul Chowdhury* - (Lecturer) - Research: Industrial Engineering - *Rafid Ahmed Chowdhury* - (Lecturer) - Research: Industrial Engineering - *Qawsar Ali* - (Lecturer) - Research: Industrial Engineering

Faculty Roster: - *Dr Wahiduzzaman* - (Professor & Head) - Research: Food Chemistry; Food Processing; Tea Processing; Food Safety; Human Nutrition - Contact: wahid-ttc@sust.edu, +8801766505210 - *Dr. Md. Mozammel Hoque* - (Professor) - Research: Soil Microbiology; Soil Management; Tea Science; Food Microbiology - Contact: hoque-fet@sust.edu, +8801715492961 - *Dr Iftekhar Ahmad* - (Professor) - Research: Genetics and Tea Breeding; Tea Technology; Agronomy - Contact: iftekharfet.sust@yahoo.com, +8801712226642 - *Dr G M Rabiul Islam* - (Professor) - Research: Food and Nutritional Safety; Food Policy; Public Health; Epidemiology - Contact: rabi-ttc@sust.edu, +8801787323944 - *Dr Rowshon Ara* - (Professor) - Research: Food Microbiology; Nutrition; Environmental Microbiology; Plant Pathology - Contact: rowshon_sust@yahoo.com, +8801552428394 - *Md. Belal Hossain Sikder* - (Professor) - Research: Food Engineering; Tea

Technology - Contact: belal-ttc@sust.edu - *Dr. Razia Sultana Chowdhury* - (Professor) - Research: Tea Pest Management; Bio-fertilizer; Bio-pesticide; Microbiology; Plant Pathology - Contact: sultana-fet@sust.edu, +8801712321164 - *Dr. Animesh Sarkar* - (Professor) - Research: Food Chemistry; Tea Science; Environmental Chemistry; Phytoremediation - Contact: animesh-fet@sust.edu, +8801712634624 - *Dr Md Zohurul Islam* - (Professor) - Research: Drying Technology; Food Processing; Fruits and Vegetables Processing; Food Engineering - Contact: zohurul-fet@sust.edu, +8801776802921 - *Md Monir Hossain (PhD)* - (Professor) - Research: Lean Manufacturing; Six Sigma; Food Product Development; Industrial Engineering - Contact: monir-fet@sust.edu, +8801723103857 - *Md. Rahmatuzzaman Rana* - (Associate Professor) - Research: Food Processing; Food Biotechnology; Dehydration; Pectin Extraction - Contact: rzaman-fet@sust.edu, +8801912137666 - *Dr. Kamrunnaher Monalisa* - (Associate Professor) - Research: Ice Recrystallization; Frozen Food; Phytochemicals; Fruit Processing - Contact: kamrunnaher.monalisa-fet@sust.edu, +8801723646624 - *Mukta Roy* - (Associate Professor (On Leave)) - Research: Food Engineering - *Mohammad Afzal Hossain* - (Associate Professor) - Research: Food Engineering - *Mizanur Rahman* - (Assistant Professor (On Leave)) - Research: Food Engineering - *A.S.M. Sayem* - (Assistant Professor (On Leave)) - Research: Food Processing; Food Chemistry; Bioactive Compounds; Non-thermal Processing - Contact: asm.sayem-fet@sust.edu, +8801717342080 - *Md. Yasin* - (Assistant Professor) - Research: Food Engineering - *Shafaet Ahmed* - (Assistant Professor (On Leave)) - Research: Food Engineering - *Mitu Samadder* - (Assistant Professor) - Research: Food Engineering - *Jahid Hasan Shourove* - (Assistant Professor) - Research: Food Engineering - *Mahabub Alam* - (Assistant Professor (On Leave)) - Research: Food Engineering - *Nazmul Islam* - (Lecturer) - Research: Food Engineering

Faculty Roster: - *Dr. Ifte Khairul Amin* - (Professor) - Research: Power Systems; Renewable Energy; Wind Energy; Solar Power; Motor Drives - Contact: iftekhar-eee@sust.edu, +8801911034624 - *Biswajit Paul* - (Associate Professor (On Leave)) - Research: Wireless Sensor Systems; Cellular Network; IoT; 5G/6G; Communication Protocol - Contact: biswajit-eee@sust.edu, +8801712554955 - *Dr. Md Rasedujaman* - (Associate Professor) - Research: Optoelectronics; Electronics; Electrical Circuits - Contact: mrased-eee@sust.edu, +8801714557885 - *Dr. Mohammad Kamruzzaman Khan Prince* - (Associate Professor) - Research: Power Electronic Converters; Energy Storage Systems; Renewable Energy; Electric Vehicles - Contact: kamruzzaman-eee@sust.edu, +8801986431521 - *Arif Ahammad* - (Assistant Professor) - Research: Electrical Engineering - Contact: arif-eee@sust.edu, +8801720122789 - *Hriteshwar Talukder* - (Assistant Professor (On Leave)) - Research: Electrical Engineering - *Tahmid Aziz Chowdhury* - (Assistant Professor (On Leave)) - Research: Electrical Engineering - *Md. Asaduz Zaman Mamun* - (Assistant Professor (On Leave)) - Research: Microelectronic Packaging; High Voltage Applications; Semiconductor Reliability - Contact: asadmamun-eee@sust.edu, +8801515623326 - *Nuren Zabin Shuchi* - (Assistant Professor (On Leave)) - Research: Electrical Engineering - *Showmik Singha* - (Assistant Professor (On Leave)) - Research: Electrical Engineering - *Nafis Imtiaz Rahman* - (Assistant Professor (On Leave)) - Research: Electrical Engineering - *Md. Ishfak Tahmid* - (Assistant Professor (On Leave)) - Research: Optics; Photonics; Carbon Nanotechnology; Nanophotonic Design - Contact: ishfactahmid@gmail.com, +8801715279154 - *Md. Shariful Islam* - (Lecturer) - Research: Electrical Engineering - *Mohona Das Gupta* - (Lecturer) - Research: Electrical Engineering - *Naima Sultana Alam Supti* - (Lecturer) - Research: Electrical Engineering - *Md. Kabir Hasan* - (Lecturer) - Research: Electrical Engineering - *AFSHANA*

BEGUM - (Lecturer) - Research: Electrical Engineering - *Md. Tasfiq Rahman* - (Lecturer) - Research: Electrical Engineering - *Myen Uddin* - (Lecturer) - Research: Electrical Engineering

Faculty Roster: - *Dr. Md Forhad Rabbi* - (Professor & Head) - Research: Human Computer Interaction; Software Engineering; Data Mining; Machine Learning; E-Governance - Contact: forhad.cse@sust.edu, +8801844175805 - *Mohammad Shahidur Rahman, PhD* - (Professor) - Research: Mathematical Information Systems; Deep Learning; Data Science - Contact: rahmanms@sust.edu, +8801914930807 - *Dr Mohammad Reza Selim* - (Professor) - Research: Computer Science; Networking - *M. Munna* - (Professor) - Research: Civil Engineering - *Dr. Shriful Islam* - (Professor) - Research: Civil Engineering - *Dr. Ahmad Hasan Nury* - (Professor) - Research: Civil Engineering - *Dr. Tajmunnaheer* - (Professor) - Research: Environmental Engineering - *Shilpy Rani Basak* - (Associate Professor) - Research: Civil Engineering - *Sourav Ray* - (Associate Professor (On

Leave)) - Research: Civil Engineering - *Nur Md. Robiul Hoque* - (Associate Professor (On Leave)) - Research: Civil Engineering - *Mohammad Rafiqul Islam* - (Associate Professor) - Research: Civil Engineering - *Mohaiminul Haque* - (Assistant Professor) - Research: Civil Engineering - *Soheli Chowdhury* - (Lecturer) - Research: Civil Engineering

Faculty Roster: - *Dr Md Salatul Islam Mozumder* - (Professor & Head) - Research: Chemical Engineering; Polymer Science - *Dr Mohammed Mastabur Rahman* - (Professor) - Research: Chemical Engineering - *Dr Engr Salma Akhter* - (Professor) - Research: Chemical Engineering - *Dr Md Tamez Uddin* - (Professor) - Research: Chemical Engineering - *Dr Abu Yousuf* - (Professor (On Leave)) - Research: Chemical Engineering - *Md Mohibul Alam* - (Professor) - Research: Chemical Engineering - *Dr Muhammad Zobayer Bin Mukhlis* - (Professor) - Research: Chemical Engineering - *Dr. Ir. Mohammad Shaiful Alam Amin* - (Professor) - Research: Chemical Engineering - *Dr Mohammad Rakib Uddin* - (Professor) - Research: Chemical Engineering - *Dr Muhammad Abdus Salam* - (Professor) - Research: Chemical Engineering - *Dr Md Mostafizur Rahman* - (Professor) - Research: Chemical Engineering - *Dr Md Fakar Uddin* - (Associate Professor) - Research: Chemical Engineering - *Dr Humayun Ahmad* - (Associate Professor) - Research: Chemical Engineering - *Rahatun Akter* - (Assistant Professor (On Leave)) - Research: Chemical Engineering - *Md. Shahadat Hossain* - (Assistant Professor (On Leave)) - Research: Chemical Engineering - *Myisha Ahmed Chowdhury* - (Assistant Professor (On Leave)) - Research: Chemical Engineering - *Md. Delwar Hossain* - (Assistant Professor (On Leave)) - Research: Chemical Engineering - *Md. Anisur Rahman* - (Assistant Professor (On Leave)) - Research: Chemical Engineering - *Shafiul Hossain* - (Assistant Professor (On Leave)) - Research: Chemical Engineering - *Dr Naureen Khanam* - (Lecturer) - Research: Chemical Engineering - *Amirul Islam Saddam* - (Lecturer) - Research: Chemical Engineering - *MD. MOHAIMENOL ISLAM* - (Lecturer) - Research: Chemical Engineering - *Md Hasan Shahriar Raby* - (Lecturer) - Research: Chemical Engineering : Offers BSc Engg., MS, PhD. Faculty strength: approximately 18. Key research areas include Heterogeneous catalysis; Waste valorization (plastic and biomass); Renewable energy; Hydrogen energy; Polymer science. Notable faculty: Prof. Mohammed Mastabur Rahman - Polymer nanocomposites. Facilities: Chemical engineering labs, Polymer science labs

Department of Civil & Environmental Engineering (CEE): Offers BSc Engg., MS, PhD. Faculty strength: approximately 18. Key research areas include Structural engineering; Environmental engineering; Water treatment; Drainage systems; EIA. Facilities: CRTC CEE - Water treatment plant design, Testing labs for water, wastewater, cement, concrete, soil

Department of Computer Science & Engineering (CSE): Offers BSc Engg., MS, PhD. Faculty strength: approximately 25. Key research areas include Optical Character Recognition; Parallel Processing; Cluster Computer; Natural Language Processing; Bangla Computerization. Facilities: CRTC CSE, Software House, Multiple computer labs

Department of Electrical & Electronic Engineering (EEE): Offers BSc Engg., MS, PhD. Faculty strength: approximately 20. Key research areas include Power systems; Electronics; Telecommunications; Control systems; Renewable energy. Facilities: Electrical machines lab, Electronics lab, Power systems lab

Department of Food Engineering & Tea Technology (FET): Offers BSc Engg., MS, PhD. Faculty strength: approximately 15. Key research areas include Food processing; Tea technology; Food safety; Food microbiology; Food engineering. Facilities: Food processing labs, Tea technology lab

Department of Industrial & Production Engineering (IPE): Offers BSc Engg., MS, PhD. Faculty strength: approximately 15. Key research areas include Operations research; Supply chain management; Manufacturing; Quality engineering; Ergonomics. Facilities: Production lab, CAD/CAM lab

Department of Mechanical Engineering (MEE)

Faculty Roster: - *Dr. Nuruzzaman Sakib* - (Associate Professor & Head) - Research: Mechanical Engineering - *Nafiza Anjum* - (Assistant Professor (On Leave)) - Research: Mechanical Engineering - *Md. Shafiqul Islam* - (Assistant Professor (On Leave)) - Research: Mechanical Engineering - Contact: msislam-mee@sust.edu, +8801743033430 - *Md. Mahmud-Or-Rashid* - (Assistant Professor (On Leave)) - Research: Mechanical Engineering; Automation - Contact: mmrashid-mee@sust.edu, +8801758639844 - *Md. Syamul Bashar* - (Assistant Professor) - Research: Control Engineering; Reinforcement Learning; Sustainable Engineering - Contact: md.syamul-mee@sust.edu, +8801307486552 - *A K M Ashikuzzaman* - (Lecturer (On Leave)) - Research: Mechanical Engineering - *Saad Been Mosharof* - (Assistant Professor (On Leave)) - Research: Mechanical Engineering; Power Plant Engineering; Fluid Mechanics - Contact: saad-mee@sust.edu, +8801923201142 - *Mostafa Rafid* - (Lecturer (On Leave)) - Research: Mechanical Engineering - *HM Toufik Ahmed Zisan* - (Lecturer) - Research: Mechanical Engineering - *Tahmidul Haque Ruvo* - (Lecturer) - Research: Mechanical Engineering - *Nafis Sadik Zim* - (Lecturer) - Research: Mechanical Engineering - *Mohammad Junaid* - (Lecturer) - Research: Mechanical Engineering - *Md. Jubair Khan* - (Lecturer) - Research: Mechanical Engineering : Offers BSc Engg., MS, PhD. Faculty strength: approximately 15. Key research areas include Thermodynamics; Fluid mechanics; Machine design; Manufacturing; Mechatronics. Facilities: Mechanical workshop, Thermodynamics lab, Fluid mechanics lab

Department of Petroleum & Mining Engineering (PME)

Faculty Roster: - *Dr. Md. Shofiqul Islam* - (Professor & Head) - Research: Petroleum Engineering; Mining Engineering - *Dr. Md. Saiful Alam* - (Professor) - Research: Petroleum Engineering - *Dr. Muhammad Farhad Howladar* - (Professor) - Research: Petroleum Engineering - *Dr Mohammed Omar Faruque* - (Professor) - Research: Mining Engineering - *Labiba Nusrat Jahan* - (Associate Professor) - Research: Petroleum Engineering : Head: *Dr. M. Farhad Howladar* Offers BSc Engg., MS, PhD. Faculty strength: approximately 12. Key research areas include Petroleum engineering; Mining engineering; Reservoir modeling; Oil and gas exploration; Mineral resource management. Notable faculty: *Dr. M. Farhad Howladar* - Head & Associate Professor. Facilities: IPM Suite software (Petroleum Experts), Reservoir modeling labs

Department of Software Engineering (SWE): Offers BSc Engg., MS. Faculty strength: approximately 12. Key research areas include Software engineering; Web technologies; Mobile app development; AI; Database systems. Notable faculty: *Dr. Ahsan Habib* - Associate Professor; *Ms. Sayma Sultana Chowdhury* - Assistant Professor. Facilities: Software development labs

School of Physical Sciences — Dean: Prof. Md. Ahmed Kabir Chowdhury.

Department of Chemistry (CHE)

Faculty Roster: - *Dr Iqbal Ahmed Siddiquey* - (Professor & Head) - Research: Chemistry - *Dr Syed Shamsul Alam* - (Professor) - Research: Chemistry - *Dr S M Saiful Islam* - (Professor) - Research: Chemistry - *Dr Md Mizanur Rahman* - (Professor) - Research: Chemistry - *Dr Md Abdus Subhan* - (Professor (Lien)) - Research: Chemistry - *Dr. Md. Ashraful Alam* - (Professor (Lien)) - Research: Chemistry - *Dr Shameem Ara Begum* - (Professor) - Research: Chemistry - *Dr. Md. Rezwan Miah* - (Professor) - Research: Chemistry - *Dr Mohammad Jalilur Rahman* - (Professor) - Research: Chemistry - *Dr Rockshana Begum* - (Professor) - Research: Chemistry - *Dr Md Nizam Uddin* - (Professor) - Research: Chemistry - *Dr Dipen Debnath* - (Professor) - Research: Chemistry - *Dr Ahmed Jalal Farid Us Samed* - (Professor) - Research: Chemistry - *Dr Mohammad Abul Hasnat* - (Professor) - Research: Chemistry - *Dr Mohammad Mizanur Rahman Khan* - (Professor) - Research: Chemistry - *Dr Nur Uddin Ahamad* - (Professor) - Research: Chemistry - *Dr Mohammad Salim* - (Professor) - Research: Chemistry - *Dr. Md Mahbubul Alam* - (Professor) - Research: Chemistry - *Dr. Sabina Begum* - (Professor) - Research: Chemistry - *Dr Md Mostafizur Rahman* - (Professor) - Research: Chemistry - *Dr Mohammad Razaul Karim* - (Professor) - Research: Chemistry - *Dr. Md. Azharul Arafath* - (Professor) - Research: Chemistry - *Dr. Shishir Kanti Pramanik* - (Professor) - Research: Chemistry - *Dr. Belal Ahmed* - (Professor) - Research: Chemistry - *Dr. Mohammad Shahadat Hussain Chowdhury* - (Professor) - Research: Chemistry - *Ramkrishna Saha* - (Associate Professor) - Research: Chemistry - *Dr. Md Saiful Alam* - (Associate Professor) - Research: Chemistry - *Dr. S. M. Nizam Uddin* - (Associate Professor) - Research: Chemistry : Offers BSc, MS, MPhil, PhD. Faculty strength: approximately 20. Key research areas include Organic chemistry; Inorganic chemistry; Physical chemistry; Analytical chemistry; Polymer chemistry. Facilities: Chemistry labs, Instrumentation lab

Department of Geography and Environment (GEE)

Faculty Roster: - *Dr. Md. Anowarul Islam* - (Associate Professor & Head) - Research: Physical and Human Environment; Vulnerability Study; Disaster Management; Climate Change Impacts - Contact: anowar-gee@sust.edu, +8801722557791 - *Rony Basak* - (Associate Professor) - Research: Land Use/Cover Dynamics; Geomorphology; Environmental Management - Contact: rbasak-gee@sust.edu, +8801715545225 - *Zia Ahmed, PhD* - (Associate Professor) - Research: Environmental Pollution; Food Security; Agrarian Change; Sustainability - Contact: ziaahmed-gee@sust.edu - *Md Muyeed Hasan* - (Assistant Professor (On Leave)) - Research: Geography - *Md Bahuddin Sikder* - (Assistant Professor) - Research: Hazard Studies; Disaster Management; Climate Change; GIS and Remote Sensing; Human Geography - Contact: bahuddinsikder-gee@sust.edu, +8801714432134 - *Nusrat Jahan Koley* - (Assistant Professor) - Research: Environment; Water Resources Management; Public Health - Contact: nusrat-gee@sust.edu, +8801829671957 - *Md. Tariqul Islam* - (Assistant Professor) - Research: Coastal and Marine Environment; Environmental Impact Assessment; Oceanography; Hydrology - Contact: islam-gee@sust.edu, +8801913077326 - *Syeda Ayshia Akter* - (Assistant Professor) - Research: Geography; Environment - Contact: +8801616807573 - *Shetu Akter* - (Assistant Professor (On Leave)) - Research: Water Resource Management; Environmental Analysis; Climate Change; Hydrology - Contact: shetuakter-gee@sust.edu, +8801676586845 - *Towfiqul Islam Khan* - (Assistant Professor (On Leave)) - Research: GIS; Remote Sensing; Climate Change;

Environmental Modeling; Risk Assessment - Contact: khan-gee@sust.edu, +8801674330886 - *Shahnaj Shemul* - (Assistant Professor) - Research: Geography - *Md. Najmul Kabir* - (Assistant Professor (On Leave)) - Research: Disaster Management; Geospatial Science; Meteorology; GeoAI; Machine Learning - Contact: n.kabir-gee@sust.edu, +8801948878743 - *Afruja Begum* - (Lecturer (On Leave)) - Research: Geography - *Jannatun Nayem* - (Lecturer) - Research: Geography - *Elora Chakma* - (Lecturer) - Research: Geography - *Md. Mahin Uddin* - (Lecturer) - Research: Geography - *Md. Salman Syed Sani* - (Lecturer) - Research: Geography : Offers BSc, MS, MPhil, PhD. Faculty strength: approximately 15. Key research areas include Physical geography; Human geography; GIS; Remote sensing; Environmental management. Facilities: GIS lab, Geography lab

Department of Mathematics (MAT)

Faculty Roster: - *Md Ashraf Uddin, PhD* - (Professor & Head) - Research: Mathematics; Fluid Dynamics - Contact: auddin-mat@sust.edu, +8801715041008 - *Dr Md Elias Uddin Biswas* - (Professor) - Research: Mathematics - *Dr Md Shajedul Karim* - (Professor) - Research: Mathematics - *Md Rashed Talukder, PhD* - (Professor) - Research: Mathematics - *Dr Md Anowarul Islam* - (Professor) - Research: Mathematics - *Dr Md Gulam Ali Hayder Chowdhury* - (Professor) - Research: Mathematics - Contact: mgahayder1-mat@sust.edu, +8801711967558 - *Dr Md Mahbubur Rashid* - (Professor) - Research: Mathematics - *Dr Shamsun Naher Begum* - (Professor) - Research: Mathematics - *Dr Nazneen Akhtar* - (Professor) - Research: Fluid Dynamics; Mathematics - Contact: nazneen285-mat@sust.edu, +8801721484955 - *Dr Sujoy Chakraborty* - (Professor) - Research: Mathematics - *Dr Mohammed Ashaque Meah* - (Professor) - Research: Mathematics - *Dr Mohammad Khayrul Hasan* - (Professor) - Research: Mathematics - Contact: khayrul-mat@sust.edu, +8801716284646 - *Dr Muhammad Mizanur Rahman* - (Professor) - Research: Mathematics - Contact: mizan-mat@sust.edu, +8801711903950 - *Dr Md Aminul Haque* - (Professor) - Research: Mathematics - Contact: mahaque-mat@sust.edu, +8801758984020 - *Dr Mohammad Sayful Islam* - (Professor) - Research: Mathematics - *Md Shah Noor* - (Professor) - Research: Mathematics - *Dr Kausari Sultana* - (Professor) - Research: Mathematics - Contact: kausarisu@gmail.com, +8801912067153 - *Dr Razwan Ahamad* - (Professor) - Research: Mathematics - *Dr Pabel Shahrear* - (Professor) - Research: Mathematics - *Dr Md Abdul Hye* - (Professor) - Research: Mathematics - *Dr Chandrani Nag* - (Professor) - Research: Mathematics - *Md Matiar Rahman* - (Professor) - Research: Mathematics - *Dr Md Alamgir Kabir* - (Professor) - Research: Computational Fluid Dynamics; Blood Flow Analysis - Contact: akabir-mat@sust.edu, +8801712160948 - *Dr Himadri Shekhar Chakraborty* - (Professor) - Research: Mathematics - Contact: himadri-mat@sust.edu, +8801712568246 - *Dr. Syed Md Omar Faruk* - (Professor) - Research: Mathematics - *Dr Mohammad Salah Uddin* - (Associate Professor) - Research: Mathematics : Offers BSc, MS, MPhil, PhD. Faculty strength: approximately 18. Key research areas include Pure mathematics; Applied mathematics; Computational mathematics; Mathematical modeling; Statistics. Facilities: Computational math lab

Department of Physics (PHY)

Faculty Roster: - *Dr. Md. Shah Alam* - (Professor & Head) - Research: Special Theory of Relativity; Nuclear Physics - Contact: salam@sust.edu, +8801718440675 - *Dr Syed Badiuzzaman Faruque* - (Professor) - Research: Physics - *Dr Shumsun Naher Begum* - (Professor) - Research: Physics - *Dr Nazia Chawdhury* - (Professor) - Research: Physics - *Dr. Abdul Hannan* - (Professor) - Research: Crystal

Lattice; Superlattice; X-ray Diffraction; Neutron Diffraction; High Pressure Physics - Contact: ahannan-phy@sust.edu, +8801712979269 - *Dr Sharif Md Sharafuddin* - (Professor) - Research: Physics - *Professor Dr. Mohammed Sujaul Haque Chowdhury* - (Professor) - Research: Physics - *Dr Sakawat Hossain* - (Professor) - Research: Physics - *Dr Mst Khurshida Begum* - (Professor) - Research: Physics - *Dr Mohammad Delawar Hossain* - (Professor) - Research: Physics - *Dr Muhammad Omar Faruk* - (Professor) - Research: Physics; Condensed Matter - Contact: ofaruk-phy@sust.edu, +8801922333435 - *Subarna Soheli* - (Associate Professor) - Research: Physics - *Elhamul Hai* - (Associate Professor) - Research: Physics - *Dr Sarwat Binte Rafiq* - (Associate Professor) - Research: Physics - *Anock Somadder* - (Associate Professor) - Research: Physics - *Dr Md Enamul Hoque* - (Associate Professor) - Research: Nonlinear Optics; Physics - Contact: mjonyh-phy@sust.edu, +8801719277759 - *Dr. Tanvir Ahmed* - (Associate Professor) - Research: Climate Modeling; Extreme Weather; Regional Climate Modeling; Atmospheric Physics - Contact: tahmed-phy@sust.edu, +8801786846799 - *Ponkog Kumar Das* - (Assistant Professor) - Research: Physics - *Nujhat Nuri Sultana* - (Assistant Professor) - Research: Physics - *Dr. Jaseer Ahmed* - (Assistant Professor) - Research: Physics - Contact: jaseer-phy@sust.edu, +8801717266867 - *Shahadat Hossain* - (Lecturer) - Research: Physics - *Sajib Kumar Mohonta* - (Lecturer) - Research: Physics : Offers BSc, MS, MPhil, PhD. Faculty strength: approximately 22. Key research areas include Nuclear physics; Nonlinear optics; Thin-film magnetism; Neutron scattering; Semiconductor physics. Facilities: CRTC Physics research center, Nuclear physics lab, Optics lab, Semiconductor lab

Department of Statistics (STA)

Faculty Roster: - *Dr. Md. Azizul Baten* - (Professor & Head) - Research: Statistics; Data Science - *Dr. Md. Kabir Hossain* - (Professor) - Research: Statistics - *Dr. Md Zakir Hossain* - (Professor) - Research: Statistics - *Dr Sabina Islam* - (Professor) - Research: Statistics - *Dr Ahmad Kabir* - (Professor) - Research: Statistics - *Md. Ahmed Kabir Chowdhury* - (Professor) - Research: Statistics - *Dr Rahmat Ali* - (Professor) - Research: Statistics - *Dr. Mohammed Taj Uddin* - (Professor (Lien)) - Research: Statistics - *Dr Md Nazrul Islam* - (Professor) - Research: Statistics - *Dr Mohammad Shahidul Islam* - (Professor) - Research: Statistics - *Dr. S. M. Khurshid Alam* - (Professor) - Research: Statistics - *Dr. Mohammad Ohid Ullah* - (Professor) - Research: Statistics - *Dr. Khalidur Rahman* - (Professor) - Research: Statistics - *Dr. Md Jamal Uddin* - (Professor) - Research: Statistics - *Dr. Luthful Alahi Kawsar* - (Professor) - Research: Statistics - *Dr Mossamet Kamrun Nesa* - (Professor (On Leave)) - Research: Statistics - *Dr. Mohammad Romel Bhuiya* - (Professor) - Research: Statistics - *Dr. Mirza Nazmul Hasan* - (Professor) - Research: Statistics - *Dr. Kanis Fatama Ferdushi* - (Associate Professor) - Research: Statistics - *Dr. Mohammad Anamul Haque* - (Assistant Professor) - Research: Statistics - *Israt Jahan* - (Assistant Professor) - Research: Statistics - *Abdullah Al Islam* - (Assistant Professor) - Research: Statistics - *Sumaiya Tasnim* - (Lecturer) - Research: Statistics - *Md. Sadakin Islam* - (Lecturer) - Research: Statistics - *Abdul Mazed* - (Lecturer) - Research: Statistics : Offers BSc, MS, MPhil, PhD. Faculty strength: approximately 15. Key research areas include Statistical modeling; Data science; Biostatistics; Econometrics; Multivariate analysis. Notable faculty: Dr. Ahmad Kabir - Professor. Facilities: Statistical computing lab

Department of Oceanography (OCG)

Faculty Roster: - *Dr. Subrata Sarker* - (Associate Professor & Head) - Research: Coastal Ecosystem Monitoring; Marine Ecology; Ecological Modeling; Ocean Modeling; Remote Sensing - Contact: subratask-ocg@sust.edu, +8801710417753 - *Dr. Md. Ahsanul Islam* - (Associate Professor) - Research: Marine Ecology; Fish Biology; Climate Change; Fisheries Management - Contact: ahsanislam-ocg@sust.edu, +8801920653592 - *Md. Solaiman Hossain* - (Assistant Professor (On Leave)) - Research: Oceanography - *Dr. Morgina Akter* - (Assistant Professor) - Research: Fisheries Oceanography; Aquaculture; Marine Biology - Contact: akter-ocg@sust.edu, +8801728118762 - *Mahnaz Islam Sonia* - (Assistant Professor (On Leave)) - Research: Oceanography - *Muhammad Mizanur Rahman* - (Assistant Professor (On Leave)) - Research: Climate Change; Marine Environment; Mangrove Ecosystem; Coastal Zone Management - Contact: mmrahman-ocg@sust.edu, +8801711231358 - *MD Shajjadur Rahman* - (Assistant Professor) - Research: Plastic Pollution; Marine Zooplankton; Microplastic Contamination - Contact: msrahman-ocg@sust.edu, +8801839234261 - *Abu Bokkar Siddique* - (Assistant Professor) - Research: Marine Ecosystems; Geological Oceanography; Physical Oceanography - Contact: absiddique-ocg@sust.edu, +8801621492408 - *Md. Azizul Fazal* - (Assistant Professor) - Research: Marine Ecosystems; Biodiversity; Sustainable Aquaculture; Plankton Ecology - Contact: mafazal-ocg@sust.edu, +8801674443839 - *Faisal Sobhan* - (Assistant Professor) - Research: Oceanography : Offers BSc, MS, PhD. Faculty strength: approximately 10. Key research areas include Physical oceanography; Chemical oceanography; Marine biology; Coastal zone management; Marine geology. Facilities: Oceanography lab

School of Life Sciences — Dean: Prof. Dr. Md. Kamrul Islam.

Department of Biochemistry and Molecular Biology (BMB)

Faculty Roster: - *Mst Arzuba Akter, PhD* - (Professor & Head) - Research: Biochemistry; Molecular Biology - *Shamim Ahmed, PhD* - (Professor) - Research: Molecular Biology; Bioinformatics; Biosafety - Contact: shamim1174-bmb@sust.edu, +8801776196006 - *Mohammad Abdullah-Al-Shoeb, PhD* - (Professor (On Leave)) - Research: Biochemistry; Molecular Biology - Contact: maashoeb-bmb@sust.edu, +8801787501398 - *Md. Zafrul Hasan, PhD* - (Associate Professor) - Research: Biochemistry; Molecular Biology - *Dr. Ajit Ghosh* - (Associate Professor) - Research: Biochemistry; Molecular Biology - *Dr. Md. Nurshad Ali* - (Associate Professor) - Research: Human Nutrition; Toxicology; Cancer Biomarkers; Epidemiology; Environmental Health - Contact: nali-bmb@sust.edu, +8801719840498 - *Dr. H M Syfuddin* - (Associate Professor) - Research: Biochemistry - *Nayan Chandra Mohanto, PhD* - (Associate Professor) - Research: Biochemistry - *Dr. Mohammad Abul Hasnat* - (Associate Professor) - Research: Biochemistry - *Farjana Islam, PhD* - (Associate Professor) - Research: Immunology; Microbiology; Biotechnology; Public Health - Contact: farjana-bmb@sust.edu, +8801703192776 - *Papia Rahman* - (Lecturer) - Research: Biochemistry - *Shangida Akther* - (Lecturer) - Research: Biochemistry : Head: Prof. Dr. Shamim Ahmed Offers BSc, MS, MPhil, PhD. Faculty strength: approximately 15. Key research areas include Biochemistry; Molecular biology; Enzymology; Protein science; Cell biology. Notable faculty: Prof. Dr. Shamim Ahmed - Head. Facilities: Biochemistry lab, Molecular biology lab

Department of Genetic Engineering and Biotechnology (GEB):

Offers BSc, MS, MPhil, PhD. Faculty strength: approximately 12. Key research areas include Genetic engineering; Biotechnology; Recombinant DNA technology; Bioinformatics; Plant biotechnology. Facilities: Genetic engineering lab, Biotechnology lab

School of Social Sciences — Dean: Prof. Dr. Laila Ashrafun.
Contact: dean-soc@sust.edu.

Department of Anthropology (ANP)

Faculty Roster: - *Md. Mokhlesur Rahman* - (Professor & Head) - Research: Nationalism; Partition; Ethnicity; Rural Power Structure; Medical Anthropology - Contact: mokhles-anp@sust.edu, +8801712100255 - *A K M Mazharul Islam* - (Professor) - Research: Applied Anthropology; Medical Anthropology; Public Health; Research Methodology - Contact: mazharul-anp@sust.edu, +8801711346909 - *Dr. Nur Mohammad Majumder* - (Professor) - Research: Ethnographic Research; Ethnic Minority; Indigenous Peoples; Environment; Social Ecology - Contact: majumder-anp@sust.edu, +8801815107547 - *AFM Zakaria* - (Professor) - Research: Health Politics; Political Ecology; Environmental Governance; Social Movements - Contact: zakaria-anp@sust.edu, +8801756464646 - *Dr. Choudhury Farhana Jhuma* - (Professor) - Research: Cultural Ecology; Environment; Adaptation Challenges - Contact: farhanajhuma-anp@sust.edu, +8801711329373 - *Dr. Md Shahgahan Miah* - (Professor) - Research: Anthropology - *Dr. Mohammad Monjur-Ul-Haider* - (Professor) - Research: Indigenous Knowledge; Cultural Astronomy; Linguistic Anthropology; Archaeological Anthropology - Contact: monjur-anp@sust.edu, +8801711960288 - *Zafrin Ahmed Liza* - (Associate Professor (On Leave)) - Research: Anthropology - *Dr. Amina Khatun* - (Associate Professor) - Research: Anthropology - *Moni Paul* - (Associate Professor) - Research: Medical Anthropology; Primary Health Care - Contact: monipaul-anp@sust.edu, +8801712560411 - *Mohammad Javed Kaisar Ibne Rahman* - (Associate Professor (On Leave)) - Research: Anthropology - *Dr. Sanjay Krishno Biswas* - (Associate Professor) - Research: Anthropology - *Halima Akhter* - (Associate Professor (On Leave)) - Research: Anthropology - *Korima Begum* - (Associate Professor (On Leave)) - Research: Anthropology - *Muhammad Salim Miah* - (Assistant Professor (On Leave)) - Research: Anthropology - *Navila Kawser* - (Assistant Professor (On Leave)) - Research: Anthropology - *Subarna Nandi Majumdar* - (Assistant Professor) - Research: Anthropology - *Chand Mia* - (Lecturer) - Research: Anthropology - *Faria Binte Arif* - (Lecturer) - Research: Anthropology - *Md. Ashraful Haque* - (Lecturer) - Research: Anthropology - *Md. Masum Billah* - (Lecturer) - Research: Anthropology - *Khalilullah Muhammad Bayezid* - (Lecturer) - Research: Anthropology : Offers BSS, MSS, MPhil, PhD. Faculty strength: approximately 12. Key research areas include Cultural anthropology; Environmental anthropology; Ecology; Political ecology; Indigenous issues. Notable faculty: Dr. Choudhury Farhana Jhuma - Professor (Cultural Anthropology). Facilities: Anthropology lab/research center

Department of Bangla (BNG)

Faculty Roster: - *Dr. Md. Rejaul Islam* - (Professor & Head) - Research: Bangla Literature; Linguistics - *Dr Sharadindu Bhattacharjee* - (Professor) - Research: Bangla Literature - *Dr. Md. Ashraful Karim* - (Professor) - Research: Bangla Literature - *Farjana Siddika* - (Professor) - Research: Bangla Literature - *Dr Md Foyzul Haque* - (Professor) - Research: Bangla Literature - *Dr Shirin Akter Sarker* - (Professor) - Research: Bangla Literature - *Dr. Nilufa Aktar* - (Professor) - Research: Bangla Literature - *Md Zafir Uddin (Zafir Setu), PhD* - (Professor) - Research: Bangla Literature - *Dr. Md Zahangir Alam* - (Professor) - Research: Bangla Literature - *Dr. Md. Masud Parvaj* - (Associate Professor) - Research: Bangla Literature - *Sarker Sohel Rana* - (Assistant Professor) - Research: Bangla Literature - *MD MONIRUL ISLAM* - (Assistant Professor) - Research: Bangla Literature - *Md. Abu Baker Siddique* - (Assistant Professor (On

Leave)) - Research: Bangla Literature - *Mst. Anjumonara Begum* - (Assistant Professor (On Leave)) - Research: Bangla Literature - *Mafrufa Akter* - (Lecturer (On Leave)) - Research: Bangla Literature - *HABIBA AKTER* - (Lecturer) - Research: Bangla Literature - *Mosrafa Begum Misu* - (Lecturer) - Research: Bangla Literature - *Md. Jakir Hosain* - (Lecturer) - Research: Bangla Literature - *Gulam Rabbani* - (Lecturer) - Research: Bangla Literature - *Md. Shamsuddin* - (Lecturer) - Research: Bangla Literature : Offers BA, MA, MPhil, PhD. Faculty strength: approximately 12. Key research areas include Bengali literature; Bengali linguistics; Folk literature; Bengali culture; Literary criticism. Facilities: Language lab

Department of Economics (ECO)

Faculty Roster: - *Dr Mohammad Rafiqul Islam* - (Professor & Head) - Research: Economics - *Syed Hasanuzzaman* - (Professor) - Research: Monetary Economics; Econometrics; Macroeconomics; Microeconomics - Contact: shzaman-eco@sust.edu, +8801710424109 - *Dr Mohammad Abdul Munim Joarder* - (Professor) - Research: Economics - *Zahir Uddin Ahmed* - (Professor) - Research: Economics - *Dr Mohammad Abdul Hannan Pradhan* - (Professor) - Research: Economics - *Dr Mohammad Sadiqunnabi Choudhury* - (Professor) - Research: Monetary Policy; Microfinance; Financial Inclusion; Poverty Alleviation - Contact: sadique-eco@sust.edu, +8801915819168 - *Dr. Muntaha Rakib* - (Professor) - Research: Economics - *Masud Alam, Ph.D.* - (Professor) - Research: Economics - *Dr. Sabiha Afrin* - (Professor) - Research: International Economics; Development Economics; Development Studies - Contact: sabiha-eco@sust.edu, +8801717040166 - *Dr Nazmunnessa Bakht* - (Professor) - Research: Economics - *Dr Md Mahbubul Hakim* - (Professor) - Research: Transport Economics; Energy Economics; Development Economics - Contact: hakim-eco@sust.edu, +8801833347867 - *Mahmuda Sultana* - (Professor) - Research: Economics - *Dr. Munshi Naser Ibne Afzal* - (Professor) - Research: Fiscal Policy; Energy Policy; Tourism and Sustainability; Knowledge Economy; Meta-Analysis - Contact: munshinaser-eco@sust.edu, +8801794666824 - *Dr. Shahnaz Haque* - (Professor) - Research: Economics - *Md Gias Uddin Khan* - (Associate Professor) - Research: Economics - *Dr Farhana Ahmed* - (Associate Professor) - Research: Economics - Contact: farhana-eco@sust.edu, +8801833347869 - *Dr. Amit Roy* - (Associate Professor) - Research: Macroeconomics; Monetary Economics; International Economics; Econometrics - Contact: amit-eco@sust.edu - *Monir Uddin Ahmed* - (Associate Professor) - Research: Econometrics; International Economics; Macroeconomics - Contact: monir-eco@sust.edu, +8801712673224 - *Md Aslam Hossain* - (Assistant Professor (On Leave)) - Research: Economics - *Md Akther Husain* - (Assistant Professor) - Research: Economics - *Tarik Aziz* - (Assistant Professor) - Research: Economics : Offers BSS, MSS, MPhil, PhD. Faculty strength: approximately 15. Key research areas include Development economics; Microeconomics; Macroeconomics; Econometrics; Environmental economics. Facilities: Economics research lab

Department of English (ENG)

Faculty Roster: - *Shareefa Yasmeen* - (Professor & Head) - Research: English Literature; Linguistics - *Dr Himadri Sekhar Roy* - (Professor) - Research: English Literature - *Dr Muhammad Alamgir Toimoor* - (Professor) - Research: English Literature - *Dr. Hossain Al Mamun* - (Professor) - Research: English Literature - *Md Sikandar Ali* - (Professor) - Research: English Literature - *Dr Mohammad Shafiqul Islam* - (Professor) - Research: English Literature - *Md Ishrat Ibne Ismail* - (Professor) - Research: English Literature - *Dr Afruza Khanom* - (Professor) - Research: English Literature - *Mohammad Rajik Miah* - (Associate Professor) - Research: English Literature - *Sayeef Ahmed* -

(Associate Professor) - Research: English Literature - *Panna Majumder* - (Associate Professor) - Research: English Literature - *Sahelee Parveen Dipa* - (Associate Professor (On Leave)) - Research: English Literature - *Mrs. Shahrin Fardous* - (Associate Professor) - Research: English Literature - *Rokeya Begum* - (Assistant Professor) - Research: English Literature - *Talukdar Mohammad Misbah Uddin* - (Assistant Professor) - Research: English Literature - *Md Abu Hena Pohil* - (Assistant Professor (On Leave)) - Research: English Literature - *Zarin Tasnim* - (Assistant Professor (On Leave)) - Research: English Literature - *Mahabuba Rahman* - (Assistant Professor) - Research: English Literature - *Noor-E-Jannat Meem* - (Assistant Professor (On Leave)) - Research: English Literature - *Tasnia Mizan Chowdhury* - (Assistant Professor) - Research: English Literature - *Mazid Ul Hasan* - (Assistant Professor (On Leave)) - Research: English Literature - *Khadizatul Kobra Urmy* - (Assistant Professor) - Research: English Literature - *Susmita Roy* - (Lecturer) - Research: English Literature - *Sabbir Ahmed Dibbo* - (Lecturer) - Research: English Literature - *Md. Yosuf Ali* - (Lecturer) - Research: English Literature : Offers BA, MA, MPhil, PhD. Faculty strength: approximately 12. Key research areas include English literature; Linguistics; ELT; American literature; Postcolonial literature. Facilities: Language lab, Multimedia classroom

Department of Political Studies (PSS)

Faculty Roster: - *Dr. Syed Ashrafur Rahman* - (Professor & Head) - Research: Climate Change Politics; International Politics; Japanese Politics; South Asian Security - Contact: ashrafur-pss@sust.edu, +8801716563786 - *Dr Dilara Rahman* - (Professor) - Research: Political Science - Contact: +8801917911550 - *Dr S M Hasan Zakirul Islam* - (Professor) - Research: Political Studies - *Dr. Zayeda Sharmin* - (Professor) - Research: Governance and Gender; Climate Change Impacts; Diaspora and Migration; Development Studies - Contact: zsharmin-psa@sust.edu, +8801735562516 - *Dr. Md Nazrul Islam* - (Professor) - Research: Political Studies - *Dr. Mohammad Jahirul Hoque* - (Professor (Lien)) - Research: Political Studies - *Dr. Md Shahabul Haque* - (Professor) - Research: Education Policy; Leadership; International Migration; Rohingya Refugees; Governance - Contact: shahabul-pss@sust.edu, +8801711234056 - *Dr Md Masud Sarker* - (Professor) - Research: Foreign Policy; International Relations; International Migration; Refugees; South Asian Politics - Contact: masud-psa@sust.edu, +8801764280310 - *Dr Fahmida Aktar* - (Professor) - Research: Political Studies - *Dr Mohammad Fakhrul Salam* - (Associate Professor) - Research: Political Studies - *Dr. Md Amdadul Haque* - (Associate Professor) - Research: Political Studies - *Syeda Ismat Ara Jahan* - (Associate Professor) - Research: Political Studies - *Dr. Hajera Aktar* - (Associate Professor) - Research: Political Studies - *Md Mahbub Alam* - (Associate Professor) - Research: Political Studies - Contact: mahbub-pss@sust.edu, +8801714485619 - *Mohammad Shakil Bhuiyan* - (Assistant Professor (On Leave)) - Research: Political Studies - *Mst. Tahmina Akter* - (Assistant Professor (On Leave)) - Research: Political Studies - *Mahjabeen Sarwar Chowdhury* - (Lecturer) - Research: Political Studies : Offers BSS, MSS, MPhil, PhD. Faculty strength: approximately 12. Key research areas include Political theory; Comparative politics; International relations; Bangladesh politics; Public policy. Facilities: Election Lab

Department of Public Administration (PAD)

Faculty Roster: - *Dr. Md. Assraf Seddiky* - (Professor & Head) - Research: Public Administration; Governance - Contact: raf-pad@sust.edu - *Dr. Anwara Begum* - (Professor) - Research: Public Administration - *Dr. Mohammad Shafiqul Islam* - (Professor) - Research: Public Administration - *Dr Shamima Tasnim* - (Professor (On Leave)) - Research: Public Administration - *Dr. Fatema Khatun* -

(Professor) - Research: Public Administration - *Dr. Esmat Ara* - (Professor) - Research: Public Administration - *Mohammad Shahjahan Chowdhury Ph. D.* - (Professor) - Research: Public Administration - *Dr Mohammad Nashir Uddin* - (Professor) - Research: Public Administration - *Chowdhury Abdullah Al-Hossienie* - (Professor) - Research: Public Administration; Governance - *Mohammad Samiul Islam, M.Phil.* - (Professor) - Research: Public Administration - *Kanij Fatema* - (Associate Professor) - Research: Public Administration - *Md Mahmud Hasan* - (Assistant Professor) - Research: Public Administration - *Fakhrul Islam* - (Assistant Professor) - Research: Public Administration - *Mrs Sabina Yasmin* - (Assistant Professor) - Research: Public Administration - *Mr. Muhammad Mustofa Kamal* - (Assistant Professor) - Research: Public Administration - *Mrs Jobayda Gulshan Ara* - (Assistant Professor (On Leave)) - Research: Public Administration - *Md. Jahir Uddin* - (Assistant Professor) - Research: Public Administration - *Abdul Basit* - (Lecturer) - Research: Public Administration : Offers BSS, MSS, MPhil, PhD. Faculty strength: approximately 12. Key research areas include Public administration; Development studies; Local governance; Human resource management; Policy analysis. Facilities: Administrative research lab

Department of Social Work (SCW)

Faculty Roster: - *Md Mizanur Rahman* - (Professor & Head) - Research: Climate Change and Public Health; Health Issues of Marginalized Communities; Human Rights and Health; Ageing and Health - Contact: mmrahman-scw@sust.edu, +8801712818010 - *Dr Tulshi Kumar Das* - (Professor) - Research: Domestic Violence; Child Labor; Street Children; Microcredit; HIV/AIDS - Contact: dastulshi-scw@sust.edu, +8801716120886 - *Dr A K M Mahbubuzzaman* - (Professor) - Research: Social Work - *Dr Neaz Ahmed* - (Professor) - Research: Social Exclusion; Child Labour; Marriage and Divorce; Deserted Women; Physically Challenged - Contact: neazahmed-scw@sust.edu, +8801716382906 - *Dr. Md. Faisal Ahmmed* - (Professor) - Research: Social Work - *Dr. Md. Ismail Hossain* - (Professor) - Research: Social Work - *Amina Pervin* - (Professor) - Research: Social Work - *Muhammed Muazzam Hussain* - (Professor) - Research: Social Work - Contact: muazzam777-scw@sust.edu, +8801716562079 - *Syeda Sultana Parveen* - (Professor) - Research: Social Work - *Tahmina Islam* - (Professor) - Research: Social Work - *Dr. Md Abdul Jalil* - (Professor) - Research: Social Work - Contact: jalil-scw@sust.edu, +8801558301168 - *Shofiqur Rahman Chowdhury, PhD* - (Professor) - Research: Social Work - Contact: srahman-scw@sust.edu, +8801723545341 - *Mohammad Ali Oakkas, PhD.* - (Professor) - Research: Social Work - *Abul Kashem* - (Professor) - Research: Social Work - *Md. Fakhrul Alam* - (Professor) - Research: Social Work - Contact: fakhrul-scw@sust.edu, +8801712346856 - *Krittebas Paul* - (Associate Professor) - Research: Social Work - *Priyanka Bhattacharjee* - (Associate Professor) - Research: Social Work - *Tarik M A Kayum* - (Lecturer) - Research: Social Work - *Israt Jahan Zhumi* - (Lecturer) - Research: Social Work - *Iftakhar Ahmad* - (Lecturer) - Research: Social Work : Offers BSS, MSS, MPhil, PhD. Faculty strength: approximately 10. Key research areas include Social work practice; Community development; Social welfare; Counseling; Gender studies. Facilities: Social work lab

Department of Sociology (SOC)

Faculty Roster: - *Dr. Md. Al-Amin* - (Professor & Head) - Research: Gender and Development; Microcredit; Neoliberalism; Labour Studies - Contact: alamin-soc@sust.edu, +8801716072054 - *Dr Md Abdul Ghani* - (Professor) - Research: Sociology - *Mohammad Jasim Uddin, (PhD, Helsinki)* - (Professor) - Research: Environmental Displacement; Sustainable Livelihoods; Migration; Development - Contact: mjauddin-

Abdur Rakib* - (Lecturer) - Research: Sociology : Head: Prof. Dr. M. J. A. (served 2015-2018) Offers BSS, MSS, MPhil, PhD. Faculty strength: approximately 14. Key research areas include Sociological theory; Social stratification; Rural sociology; Urban sociology; Gender studies. Notable faculty: Prof. Dr. M. J. A. - Dean, School of Social Sciences. Facilities: Sociology research lab

School of Agriculture and Mineral Sciences — Dean:
Prof. Dr. Swapan Kumar Sarker.

Department of Forestry and Environmental Science (FES)

Faculty Roster: - *Dr. Mohammad Redowan* - (Professor & Head) - Research: Forestry; Environmental Science - *Dr Narayan Saha* - (Professor) - Research: Forestry - *Dr Md Qumruzzaman Chowdhury* - (Professor) - Research: Forestry - *Dr. A. Z. M. Manzoor Rashid* - (Professor) - Research: Forestry - *Dr. Mohammad Belal Uddin* - (Professor) - Research: Forestry; Environmental Science - *Dr. Romel Ahmed* - (Professor) - Research: Forestry - *Dr. Mizanur Rahman* - (Professor) - Research: Forestry - *Dr. Swapan Kumar Sarker* - (Professor) - Research: Forestry - *Dr. Mohammed Abu Sayed Arfin Khan* - (Professor) - Research: Forestry; Environmental Science - *Dr. Kazi Mohammad Masum* - (Professor) - Research: Forestry - *Dr Farzana Raihan* - (Professor) - Research: Forestry - *Dr. Mahmuda Islam* - (Professor) - Research: Forestry - *Dr. Mahmuda Sharmin* - (Professor) - Research: Forestry - *Dr. Mohammad Golam Kibria* - (Professor) - Research: Forestry - *Fahmida Sultana* - (Associate Professor (On Leave)) - Research: Forestry - *Dr. Mohammed Masum Ul Haque* - (Associate Professor) - Research: Forestry - *Nusrat Islam* - (Associate Professor) - Research: Forestry - *Anup Datta* - (Assistant Professor) - Research: Forestry - *Md. Shamim Reza Saimun* - (Lecturer) - Research: Forestry - *Farhana Bintay Hye* - (Lecturer) - Research: Forestry - *Nilima Ferdous* - (Lecturer) - Research: Forestry : Offers BSc, MS, MPhil, PhD. Faculty strength: approximately 12. Key research areas include Forestry; Environmental science; Biodiversity conservation; Ecology; Climate change. Facilities: Forestry lab, Environmental science lab

School of Management and Business Administration — Dean:
Prof. Dr. Md. Khairul Islam.

Department of Business Administration

Faculty Roster: - *Dr Md Khairul Islam* - (Professor & Head) - Research: Business Administration; Management - *Dr Md Nazrul Islam* - (Professor) - Research: Business Administration - *Dr. Mosaddak Ahmed Chowdhury* - (Professor) - Research: Business Administration - *Dr Md Monirul Islam* - (Professor) - Research: Business Administration - *Dr Mazharul Hasan Mazumder* - (Professor) - Research: Business Administration - *Dr. Mohammad Shahidul Hoque* - (Professor) - Research: Business Administration - *Dr. Md. Abdul Hamid* - (Professor) - Research: Business Administration - *Dr Fazle Elahi Md Faisal* - (Professor) - Research: Business Administration - *Dr. Mohammad Mizenur Rahaman* - (Professor) - Research: Business Administration - *Dr. Syed Mohammad Khaled Rahman* - (Professor) - Research: Business Administration - *Dr. Mohammad Ashraful Ferdous Chowdhury* - (Professor) - Research: Business Administration - *Syed Towfiq Mahmood Hasan* - (Professor) - Research: Business Administration - *Dr Md Zillur Rahman* - (Professor) - Research: Business Administration - *Dr. Tasmina Chowdhury Tania* - (Professor) - Research: Business Administration - *Sobhana Tanzima Atiq* - (Associate Professor) - Research: Business Administration - *Sakufa Chowdhury* - (Associate Professor) - Research: Business Administration - *Saleh Ahmad Abdullah* - (Assistant Professor) - Research: Business Administration - *Sayma Sadia Shawon* - (Assistant Professor) - Research: Business Administration - *Adiba Rahman Bushra Chowdhury* - (Lecturer) - Research: Business Administration - *Mst. Tamanna Akter* - (Lecturer (On Leave)) - Research: Business Administration - *Shimla Akter* - (Lecturer) - Research: Business Administration - *Azmery Sultana* - (Lecturer) - Research: Business Administration : Offers BBA, MBA, MPhil, PhD. Faculty strength: approximately 20. Key research areas include Marketing; Finance; Human resource management; Accounting; Entrepreneurship. Facilities: Business lab, Computer lab

School of Medical Sciences — Dean: Prof. Dr. Md. Moynul Haque.

Research Institutes and Centres:

- **Institute of Information and Communication Technology (IICT)**
- **Institute of Modern Languages (IML)**

Credit System and Duration

SUST made history as the first university in Bangladesh to adopt the American credit-based semester system, introducing it from the 1996-97 academic session. This was a transformative move that set it apart from other Bangladeshi universities that traditionally followed an annual examination system. Under this system, undergraduate programs are typically four years in duration (eight semesters) for Honors degrees and five years for the Bachelor of Architecture program. Each academic year is divided into two semesters: the first semester (usually January to June) and the second semester (usually July to December). The total credit requirement for a four-year undergraduate program is approximately 140-160 credit hours, depending on the specific department and program. Each credit hour typically represents one hour of lecture per week or two to three hours of laboratory or practical work per week over a semester. A standard course carries 3 credits for theoretical subjects and 1-2 credits for laboratory courses. The grading system uses a 4.00 scale, where letter grades correspond to grade points: A (4.00), A- (3.70), B+ (3.30), B (3.00), B- (2.70), C+ (2.30), C (2.00), C- (1.70), D+ (1.30), D (1.00), and F (0.00). Students must maintain a minimum Cumulative Grade Point Average (CGPA) of 2.00 to remain in good academic

standing and 2.50 or higher for graduation depending on the program. Master's degree programs typically require 1-2 years (2-4 semesters) with 30-36 credit hours, including a thesis or project work. MPhil and PhD programs are research-based with minimum course requirements and a dissertation, typically taking 2-3 years for MPhil and 3-5 years for PhD. The university also requires all students to take two compulsory language courses (Bangla and English) and two computer courses as part of their degree requirements.

Tuition and Costs Overview

As a public university in Bangladesh, SUST is heavily subsidized by the government, making it highly affordable compared to private institutions. Tuition fees are charged on a per-credit basis and are among the lowest in the country. For undergraduate programs, the tuition fee is approximately 7,000 to 10,000 BDT per semester for most departments, though this varies slightly by school and program. Engineering and technology programs may have slightly higher fees than social sciences and humanities programs due to laboratory and equipment costs. The total cost for a four-year undergraduate program, including tuition, admission, examination, and other fees, typically ranges from 50,000 to 100,000 BDT (approximately \$450 to \$900 USD) for the entire program. Admission fees include an application fee of approximately 700-1,000 BDT per unit, an admission fee of around 5,000-10,000 BDT at the time of enrollment, and a registration fee of about 2,000 BDT. Semester fees cover tuition (per credit), examination fees, library fees, laboratory fees, and student activity fees. Hall (dormitory) accommodation fees are approximately 3,000-5,000 BDT per semester, with additional charges for meals if opting for the cafeteria meal plan. The university also charges a one-time session fee at admission. There are additional costs for laboratory courses, field trips, and study tours that vary by department. The annual budget of SUST for the 2024-2025 fiscal year was 170.8 crore BDT (approximately \$14 million USD), reflecting the government's substantial investment in the institution. Despite the low costs, the university maintains modern facilities and resources, making it one of the best value educational options in Bangladesh.

Rankings

SUST has consistently performed well in national and international university rankings. In the QS World University Rankings 2026, SUST is placed in the 1201-1400 bracket globally, while in the QS Asia University Rankings 2025, it was ranked 342nd in Asia and later improved to 337th in 2026. The Times Higher Education (THE) World University Rankings 2024 placed SUST in the 1201-1500 range globally, and THE Engineering 2025 ranked it at 1001+ while THE Physical Sciences 2025 also placed it at 1001+. In the SCImago Institutions Rankings 2019, SUST performed exceptionally well, ranking 610th overall in the world, 337th in Asia, 445th for research globally, 493rd for innovation, and 241st for societal impact. In 2016, SUST was ranked as the top research university in Bangladesh by Scopus-SCImago institution ranking at 610th in the world. The Webometrics Ranking of World Universities July 2026 placed SUST 5th in Bangladesh with a global rank of 1800, with impact rank of 3402, openness rank of 1880, and excellence rank of 2147. EduRank 2026 positioned SUST 15th in Bangladesh and among the top 50 percent globally across multiple research topics. UniRank 2026 ranked SUST 13th among universities in Bangladesh. In 2017, SUST had the highest research expenditure among all universities in Bangladesh at 13.7 crore BDT (approximately \$1.1 million USD), almost double that of the second-ranked institution. The university has

been ranked 1st in Bangladesh by Webometrics in 2015 and 3rd in 2021. Due to its pioneering contributions in science and technology, SUST is often referred to as the 'Stanford of the East' in national media.

Campus and Facilities Overview

The SUST main campus is situated on 320 acres of land in Kumargaon, approximately six kilometers from Sylhet city center, along the Sylhet-Dhaka highway. The campus is renowned for its natural beauty, featuring lush greenery, rolling hills, forested areas, and serene water bodies that create a picturesque and tranquil environment conducive to academic pursuits. The academic infrastructure includes six academic buildings (designated Buildings A through F) that house the various departments, classrooms, laboratories, and faculty offices. There are two administrative buildings, including the Registrar Building which houses key administrative offices. The university has a central auditorium that hosts convocations, cultural programs, conferences, and major university events. The Central Shahid Minad (Martyrs' Monument) stands as a prominent landmark on campus, serving as a symbol of national pride and remembrance. The university features a modern central library building spanning four stories, a physical education building with a gymnasium, multiple sports fields including a large central field for cricket and football, basketball courts, volleyball courts, and a swimming pool. The medical center provides basic healthcare services to students, faculty, and staff. There is a university central mosque and a Buddhist temple on campus serving the spiritual needs of the community. Student dormitories consist of three male halls and three female halls (including Shaheed Minar Hall, Bangabandhu Sheikh Mujibur Rahman Hall, Shahjalal Hall, Shamsunnahar Hall, etc.), along with some private halls outside the main campus for female students to ensure housing availability. The campus also includes faculty housing quarters, a teachers' club, a student center (TSC - Teachers-Student Centre) that serves as a hub for cultural activities and social gatherings, numerous cafeterias and canteens, a post office, a bank branch, and several small shops and stalls serving daily necessities. The entire campus is covered by free Wi-Fi access, a first among Bangladeshi universities.

Scholarships and Financial Aid Overview

SUST provides a variety of scholarship and financial aid opportunities to support meritorious and economically disadvantaged students. The university offers University Merit Scholarships awarded each semester to students who achieve the highest academic performance in their respective departments, typically covering a portion of tuition fees or providing a cash stipend. The Vice Chancellor's Award is a prestigious scholarship that provides complete tuition fee waivers for outstanding students, while Dean's Awards and Merit Awards offer 50 percent and 25 percent tuition waivers respectively, contingent upon maintaining minimum CGPA requirements of 3.0 to 3.5 each semester. The university also administers need-based financial aid programs for economically disadvantaged students, including tuition fee waivers and monthly stipends, which are allocated based on family income assessments and academic performance. SUST also participates in the government's National Science and Technology (NST) Fellowship program which provides research grants and stipends for MPhil and PhD students conducting scientific research. The university has arrangements with several philanthropic organizations and corporate sponsors that provide targeted scholarships, including the SUST-STEM scholarships sponsored by alumni, former faculty, and their

relatives, which offer merit-based, need-based, and emergency assistance categories, including support from Zakat funds. The Government of Bangladesh provides stipends for students from underprivileged backgrounds, including freedom fighter quota holders, tribal students, and students from remote areas. Additionally, specific departments may have their own scholarship funds or endowments from generous donors and alumni. Graduate students can also avail teaching assistantships and research assistantships which provide monthly stipends in exchange for teaching or research support duties. International students may be eligible for specific scholarships offered through bilateral agreements between Bangladesh and other countries.

Notable Features

SUST holds numerous distinctions that make it a unique and pioneering institution in Bangladesh and beyond. It was the first university in Bangladesh established exclusively for science and technology education, paving the way for twelve subsequent STEM universities across the country. SUST was the first Bangladeshi university to adopt the American credit system and the semester system, a landmark educational reform introduced in the 1996-97 session that has since been emulated by many other institutions. The university is also the first in Bangladesh to provide free Wi-Fi access across its entire campus, ensuring all students and staff have internet connectivity. In 2018, a team from SUST became the world champion of the NASA Space Apps Challenge, competing against 1,395 local winning teams from around the globe, a remarkable achievement that brought international recognition to the university. In the International Theoretical Physics Olympiad 2019, seven teams from SUST were among the 88 finalists, with one team achieving 15th place globally, the highest individual achievement by an Asian university. SUST students invented a paperless 24/7 SMS-based automated registration system for admission tests, which won the Ambillion Award in a South Asian competition in 2010 and the National Award for E-Content and ICT for Development Award in the same year. This innovation has since been adopted by most public universities in Bangladesh. In 2017, SUST spent 13.7 crore BDT on research, the highest research expenditure among all Bangladeshi universities, demonstrating its strong commitment to research excellence. The university has been called the 'Stanford of the East' for its pioneering contributions in science and technology. SUST is also the first university in Bangladesh to introduce an integrated honors course combining undergraduate and graduate-level elements for a more cohesive curriculum. Notable alumni include Muhammed Zafar Iqbal, the renowned author, physicist, and philanthropist, and many graduates are pursuing higher education and research in leading institutions around the world.

Course Details and Credit Costing

At SUST, the per-credit tuition fee structure is determined by the university's academic council and is subject to periodic revision. For undergraduate programs in the School of Physical Sciences and the School of Applied Sciences and Technology, the per-credit tuition fee is approximately 400-600 BDT per credit hour, meaning a standard 3-credit course costs roughly 1,200-1,800 BDT. For a typical semester where a student enrolls in 15-18 credit hours, the tuition component amounts to approximately 6,000-10,800 BDT. In addition to tuition, each semester carries a semester fee of approximately 7,000-10,000 BDT which covers registration fees, library fees, student activity fees, medical fees, and examination fees. Laboratory-based courses in

science and engineering departments incur additional lab fees of approximately 1,000-2,000 BDT per lab course per semester. The Computer Science and Engineering department has a semester registration fee system where students pay a regular fee within specified deadlines, with late payment attracting a 30-1,000 BDT penalty. Based on the SUST e-payment system data, the total semester fee (including tuition and all fees) for a BSc in Computer Science and Engineering is approximately 8,000-12,000 BDT. For the total four-year program (8 semesters), a CSE student might pay approximately 70,000-100,000 BDT in total academic fees. Architecture students, having a five-year program, would pay for 10 semesters. Social science and humanities programs typically have slightly lower fees of approximately 6,000-8,000 BDT per semester. Business Administration programs may have moderately higher fees. Admission at the start includes a one-time admission fee of approximately 5,000-10,000 BDT. Hall accommodation fees are approximately 3,000-5,000 BDT per semester, and the optional meal plan costs approximately 2,000-3,000 BDT per month. Over the full duration of a 4-year program, including tuition, hall fees, meals, books, and personal expenses, a student might spend approximately 150,000-250,000 BDT (\$1,400-2,300 USD). For postgraduate programs (MSc, MA, MBA), per-credit fees are slightly higher, ranging from 500-800 BDT per credit, with total program costs of approximately 30,000-60,000 BDT for a 1-2 year master's program.

Faculty Information

SUST has a distinguished faculty body of approximately 566 full-time academic staff, complemented by 772 administrative staff members, giving a favorable student-to-faculty ratio of approximately 6-8 students per staff member. The most famous faculty member is Professor Muhammad Zafar Iqbal, a renowned Bangladeshi author of science fiction and children's literature, physicist, and former professor of Computer Science and Engineering who obtained his PhD from the University of Washington and worked at the California Institute of Technology and Bell Communications Research before returning to Bangladesh to join SUST. Another eminent figure was Professor Sadruddin Ahmed Chowdhury, the founding Vice-Chancellor of SUST from 1989 to 1994, a distinguished physicist and educator instrumental in establishing the university. Professor Arun Kumar Basak was the founder professor of the Department of Physics and later became professor emeritus at Rajshahi University. Notable current faculty include Dr. Md. Khairul Islam who became Vice-Chancellor in May 2026, Professor Farid Uddin Ahmed who served as VC previously, Dr. Md. Kabir Hossain as Pro Vice-Chancellor, and Professor Amina Pervin as Treasurer. The university has numerous faculty members with international recognition, including PhD graduates from prestigious universities in Japan, the United States, the United Kingdom, Germany, Australia, Canada, and other countries. Many faculty members serve on editorial boards of international journals, hold patents for their inventions, and have received national and international awards for their research contributions. The Deans of the seven Schools are distinguished senior professors who oversee academic affairs within their respective schools. The academic staff includes a roughly equal distribution across all ranks: professors, associate professors, assistant professors, and lecturers.

Scholarships (Detailed)

SUST offers more than ten types of scholarship programs for its students. The University Merit Scholarship is awarded every semester to students who achieve the highest CGPA in their department;

typically the top 5-10 percent of students in each batch receive this scholarship, which covers 25-100 percent of tuition fees depending on the tier. The Vice Chancellor's Award is the most prestigious scholarship, providing a full tuition fee waiver (100 percent) for students who maintain a CGPA of 3.75 or above, and recipients are selected from among the top-performing students across all departments each academic year. The Dean's Award offers a 50 percent tuition fee waiver for students maintaining a minimum CGPA of 3.50, while the Merit Award provides a 25 percent tuition fee waiver for students with a CGPA of 3.00-3.49. The SUST-STEM Scholarship is a notable program sponsored by SUST alumni, ex-faculty, and their relatives, offering three categories: merit-based scholarships for top performers, need-based scholarships for economically disadvantaged students, and emergency assistance from Zakat funds. The National Science and Technology (NST) Fellowship is a government-funded program providing research grants of 25,000-50,000 BDT per year for MPhil and PhD students engaged in scientific research. The Prime Minister's Fellowship is available for outstanding graduate students pursuing higher studies. Additionally, the university administers the Bangabandhu Sheikh Mujibur Rahman Scholarship for meritorious students from freedom fighter families. Need-based financial aid is available for students from low-income families, offering partial to full tuition waivers based on family income assessment, with applications reviewed by a scholarship committee each semester. Eligible students must reapply or maintain academic performance criteria each semester to retain their scholarships. Application processes vary by scholarship type, with some requiring application forms and supporting documents while others are automatically awarded based on merit ranking.

Student Numbers

SUST has a total student population of approximately 12,596, which includes both on-campus and affiliated college students. The on-campus enrollment comprises approximately 6,726 undergraduate students and 1,870 postgraduate students, with an additional approximately 4,000 students enrolled in affiliated medical colleges under the School of Medical Sciences. The university has approximately 566 academic staff members and 772 administrative staff, resulting in a student-to-faculty ratio of roughly 6.09 students per staff member, one of the most favorable ratios among Bangladeshi public universities. The undergraduate population is distributed across the six schools and 27 departments, with the largest departments typically being Computer Science and Engineering, Business Administration, Physics, Chemistry, and Economics. The postgraduate population includes students in Master's (MSc, MA, MSS, MBA), MPhil, and PhD programs, with research students forming a significant and growing proportion. The male-to-female ratio at SUST is approximately 60:40, reflecting the national trend but with variations by department; Science and Engineering departments tend to have more male students while Social Sciences and Arts departments have more balanced ratios. The university has a relatively low number of international students, though it hosts a small but growing community of students from neighboring countries such as India, Nepal, Bhutan, Pakistan, and also from African nations under various bilateral scholarship agreements. The gender ratio and total student numbers fluctuate slightly each year based on admitted cohorts and graduating classes.

Research

SUST has established itself as a leading research university in Bangladesh with a strong focus on scientific inquiry and innovation. In 2017, the university spent 13.7 crore BDT (approximately \$1.1 million USD) on research, the highest research expenditure among all Bangladeshi universities, nearly double the second-place institution. The SUST Research Centre coordinates and promotes research activities across all departments, providing grant management and facilitating collaborative projects. The university has several specialized research centers including the Center for Advanced Materials Research (focusing on nanomaterials, composites, and sustainable materials), the Institute of Environmental Studies (working on climate change, environmental policy, and sustainable development), the Robotics and Intelligent Systems Lab (dedicated to AI-driven robotics and automation), the Renewable Energy Research Center (researching solar, wind, and alternative energy technologies), and the Center for Environmental Studies. In 2024, SUST faculty published 125 research papers indexed in the Web of Science, with 85 papers in the Science Citation Index Expanded (SCI-Expanded), 28 in the Emerging Sources Citation Index, 7 in the Social Sciences Citation Index, and 6 in Conference Proceedings Citation Index. Major publishers included Elsevier, Springer Nature, Taylor & Francis, IEEE, Wiley, and the American Chemical Society. The university publishes its own peer-reviewed journal, the SUST Journal of Science and Technology (SUST JST, formerly SUST Studies), which accepts original research in agriculture, applied sciences, life sciences, and physical sciences using a double-blind review process. The SUST Institutional Repository (ir.library.sust.edu) archives theses, dissertations, reports, journal articles, and conference papers produced by the university community. Notable research achievements include contributions to nanomaterial composites for solar cells, climate change effects on the Sundarbans ecosystem, AI techniques in robotic path planning, and wind energy optimization. In the Nature Index 2025-2026, SUST contributed 8 research articles with a Share of 0.29 across applied sciences, earth and environmental sciences, and health sciences.

Innovation

SUST has a strong culture of innovation and technology transfer. The university's most celebrated innovation is the paperless 24/7 SMS-based automated registration system for admission tests, developed by SUST students, which allows prospective applicants to complete the entire registration process through mobile phone messages without needing internet access. This system won the Ambillion Award in a South Asian competition in 2010 and the National Award for E-Content and ICT for Development Award in the same year, and it has since been adopted by most other public universities in Bangladesh. The university has a dedicated Innovation and Entrepreneurship Cell that supports student startups and tech transfer initiatives. The SUST Research Center provides grant management and facilitates industry-academia collaborations through various partnership programs. The university has strong industry partnerships with organizations in the technology, manufacturing, and energy sectors, providing students with internship opportunities and real-world project experience. The Robotics and Intelligent Systems Lab actively collaborates with industry partners on automation and AI projects. The Center for Renewable Energy Research works with energy companies on solar and wind power solutions. SUST has a technology incubation facility that supports student and faculty entrepreneurs in developing their ideas into viable commercial products. The university holds several patents for inventions developed by faculty members, particularly in materials science, chemical engineering, and environmental technology. SUST has also established an 'Election Lab' in the Political

Studies department (inaugurated February 2026) to promote research on electoral processes and democratic governance. The university regularly participates in national and international innovation competitions, with teams achieving notable success including the world championship at the NASA Space Apps Challenge 2018 and top rankings in the International Theoretical Physics Olympiad 2019.

Administration

The administration of SUST is structured according to the Shahjalal University of Science and Technology Act of 1986. The President of Bangladesh serves as the Chancellor of the university, the ceremonial head. The Vice-Chancellor is the chief executive officer responsible for academic and administrative affairs; as of May 2026, the current Vice-Chancellor is Dr. Md. Khairul Islam, who succeeded Professor Sarwaruddin Chowdhury (who served from September 2024 to May 2026). Previous Vice-Chancellors include Professor Farid Uddin Ahmed and the founding VC Sadrudin Ahmed Chowdhury. The Pro Vice-Chancellor assists the VC in academic and administrative matters; the current Pro Vice-Chancellor is Dr. Md. Kabir Hossain. The Treasurer is responsible for financial management, currently Professor Amina Pervin. The Registrar is the chief administrative officer managing records, admissions, and official documentation, currently Mr. Md. Fazlur Rahman. The Deans of the Schools are senior professors who oversee academic programs within their respective schools: School of Applied Sciences and Technology, School of Life Sciences, School of Physical Sciences, School of Social Sciences, School of Business, School of Agriculture and Mineral Sciences, and School of Medical Sciences. The university's governing bodies include the Senate (the highest academic body), the Syndicate (the executive governing body), the Academic Council (responsible for academic policies and curricula), and the Finance Committee. The administration is supported by various offices including the Controller of Examinations, the Proctor (responsible for student discipline), the Director of Research, the Director of Planning and Development, the Director of Student Affairs, the Librarian, and the Chief Engineer. The administrative structure ensures smooth functioning of academic programs, research activities, student services, and campus operations.

News

Recent developments at SUST from 2024 to 2026 include several notable events. In February 2026, the Vice-Chancellor inaugurated an 'Election Lab' in the Political Studies department, a specialized facility for research on electoral processes, voting behavior, and democratic governance. Dr. Md. Khairul Islam was appointed as the new Vice-Chancellor on May 24, 2026, succeeding Professor Sarwaruddin Chowdhury who had served since September 2024. The university admitted its 2025-2026 academic year cohort through a highly competitive admission process held in January 2026 at multiple centers in Sylhet and Dhaka. SUST observed its 34th founding anniversary on February 13, 2025, celebrating three and a half decades of academic excellence and innovation. In terms of infrastructure development, the university received significant government funding allocations through the Executive Committee of the National Economic Council (ECNEC), including a 9.88 billion BDT (\$117 million USD) package for 20 development projects announced in 2019. The university has been actively improving its digital infrastructure, including upgrading its e-payment systems, online admission portal, and student services platform. In rankings news, SUST maintained its position in QS Asia University Rankings at 337th

(2026) and 342nd (2025), and in the QS World Rankings at 1201-1400. The university has been in the news for its active student cultural scene, with students participating in various extracurricular activities including debating, photography, film, science clubs, and humanitarian efforts during natural disasters. Recent academic developments include curriculum updates in several departments to align with international standards and emerging industry needs.

Help Desk and Student Services

SUST maintains a comprehensive student support services system to assist students throughout their academic journey. The university's help desk at the admission portal (admission.sust.edu.bd/helpdesk) provides online support for admission-related queries. The Office of Student Affairs serves as the primary point of contact for student-related issues, including counseling, grievances, and non-academic support. The university has a dedicated Medical Center that provides basic healthcare services, first aid, and emergency medical assistance to students, faculty, and staff, with referrals to Sylhet city hospitals for serious cases. The Department of Student Counseling and Guidance offers psychological counseling services to help students cope with academic stress, personal issues, and career decisions. The IT Help Desk provides technical support for the university's online services, including the e-payment system, course registration portal, student email services, and campus Wi-Fi connectivity. The Proctor's Office handles disciplinary matters and maintains campus security, operating a 24-hour control room for emergency response. The Registrar's Office assists students with academic documentation, transcripts, certificates, and verification services. Each department has a Departmental Office with administrative staff who assist with course registration, advising, and departmental queries. The university also has a Sexual Harassment Complaints Committee that provides a safe mechanism for reporting and addressing harassment cases. The Teachers-Student Centre (TSC) serves as a hub for extracurricular activities, cultural programs, and social interaction, fostering a vibrant campus community. The Career Counseling Center provides guidance on career paths, further studies, and job placement. The library's reference desk offers research assistance and information services.

Alumni

SUST has produced many notable alumni who have achieved distinction in various fields nationally and internationally. The most famous SUST alumnus is Professor Muhammad Zafar Iqbal, though he is more prominently known as a faculty member; however, the broader alumni community includes numerous successful professionals. SUST graduates are known for their strong foundation in science and technology and are highly sought after by employers in Bangladesh and abroad. Many SUST alumni have pursued higher education and research at prestigious international institutions, including in the United States, Canada, the United Kingdom, Germany, Japan, Australia, and other countries. The university's alumni have achieved notable success in academia, with many serving as professors at universities both in Bangladesh and internationally. In the corporate sector, SUST graduates hold leadership positions in technology companies, banks, multinational corporations, and entrepreneurial ventures. Several alumni have made significant contributions to Bangladesh's IT sector, which has grown substantially over the past two decades. The SUST Alumni Association actively maintains connections between the university and its graduates, organizing reunions, networking events, and fundraising activities.

The SUST-STEM scholarship program is one example of alumni giving back to their alma mater, providing financial support for current students. Alumni also contribute through guest lectures, mentorship programs, and industry partnerships that benefit current students. While specific names of prominent alumni were not extensively documented in available sources, the university consistently ranks highly in terms of research output and graduate employability, reflecting the quality of its alumni.

Campus

The SUST campus is widely regarded as one of the most beautiful university campuses in Bangladesh, set on 320 acres of semi-urban land in Kumargaon, Sylhet. The campus is characterized by its picturesque natural setting, with gently rolling hills, dense green vegetation, tranquil lakes, and well-manicured gardens that create a serene and inspiring environment for academic life. The academic zone comprises six multi-story academic buildings labeled A through F, each housing multiple departments with modern classrooms, well-equipped laboratories, seminar rooms, and faculty offices. The buildings are connected by paved walkways and surrounded by landscaped gardens. The four-story Central Library Building stands as a landmark on campus, while the central auditorium is an architectural highlight hosting major events. The Central Shahid Minad (Martyrs' Monument) is a prominent cultural landmark where students gather for national observances. The residential zone includes three male halls and three female halls of residence, each providing accommodation, dining facilities, common rooms, and recreational areas for students. Notable halls include Bangabandhu Sheikh Mujibur Rahman Hall, Shahjalal Hall, and Shamsunnahar Hall (for female students). There are also well-decorated faculty housing quarters within the campus. The Teachers-Student Centre (TSC) serves as the social and cultural hub where students gather for activities, discussions, and leisure. The university also features a central mosque, a Buddhist temple, a post office, a bank branch with ATM services, and numerous canteens and food stalls offering a variety of cuisines. The campus is notably eco-friendly with significant tree cover, and efforts are made to maintain its natural beauty. The 1-kilometer-long entrance avenue lined with trees creates a grand approach to the university. The entire campus is covered by free Wi-Fi connectivity, making it Bangladesh's first fully wireless campus.

Transport

SUST operates a comprehensive internal and external transport system to facilitate the movement of students, faculty, and staff. The university bus service provides regular transportation between the campus and key locations within Sylhet city, including the Sylhet city center, the Sylhet railway station, and the Osmani International Airport. The bus service operates on a scheduled basis throughout the day, with increased frequency during peak morning and evening hours when students commute to and from classes. The university also provides dedicated bus services for female students and staff to ensure safe transportation. For intercity travel, the campus is conveniently located approximately 6 kilometers from the Sylhet city center and is easily accessible via the Sylhet-Dhaka highway, which connects the university to the capital and other major cities. Local rickshaws, auto-rickshaws (CNGs), and ride-sharing services are readily available at the campus gates for short-distance travel. The university has designated parking areas for faculty, staff, and visitors with vehicles. The campus itself is designed to be walkable, with most academic buildings, residential halls, and facilities within reasonable

walking distance of each other. The bicycle is a popular mode of transport within the campus among students. The university is currently working on improving internal roads and pathways to enhance pedestrian safety and accessibility. The main entrance gate, often called the 'University Gate,' is a distinctive landmark, and there are secondary entry points for convenient access from different directions. For students traveling from Dhaka to Sylhet for admission tests or other purposes, various intercity bus services, train services, and flights are available, making the university accessible from all parts of the country.

Library

The Central Library of Shahjalal University of Science and Technology is one of the largest and most well-equipped academic libraries in the Sylhet region. Housed in its own four-story building, the library began in 1990 with a small collection of books in just four rooms within Academic Building A before moving to its dedicated facility. The library's collection boasts over 72,450 printed books, 45,780 e-books, 32,449 e-journals, and 3,450 special collection items related to the Bangladesh Liberation War (Muktijuddho). It subscribes to approximately 300 current periodicals and provides access to over 22,000 online journals through the PERI (Program for the Enhancement of Research Information) programme of INASP and other publisher partnerships. The library serves SUST faculty, students, and staff from 8:00 AM to 8:00 PM daily, with extended hours during examination periods. The library operates a Local Area Network (LAN) that connects all academic departments, allowing users to access electronic resources from anywhere on campus. The library uses the Koha integrated library system for its online public access catalog (OPAC), which can be searched from the library website at library.sust.edu. The SUST Institutional Repository, built on DSpace software, archives the university's scholarly output including theses, dissertations, research articles, conference papers, and other academic works, making them freely accessible through the repository website. The library provides various services including reference assistance, inter-library loan, document delivery, information literacy training, and research support. The library also has a dedicated digital collection of rare books, manuscripts, and archival materials. Users can access the library's e-resources through the Research4Life program, which provides access to peer-reviewed scientific content. The library has reading rooms with seating capacity for hundreds of users, a reference section, a periodicals section, a computer lab for accessing digital resources, and discussion rooms for group study.

Career Opportunities

SUST provides career development and placement support services to help students transition successfully from academic life to professional careers. The university's Career Counseling Center offers guidance on career planning, resume writing, interview preparation, and job search strategies. The center organizes annual career fairs and job placement events that bring together leading employers from various sectors including information technology, engineering, banking, telecommunications, manufacturing, and consulting. Top recruiters that regularly visit SUST for campus recruitment include multinational corporations, Bangladeshi conglomerates, technology companies, banks, and development organizations. The university has a strong track record of graduate employability, with SUST alumni working in leading organizations in Bangladesh and abroad. The strong emphasis on science, technology, engineering, and

mathematics (STEM) education ensures that SUST graduates are well-prepared for the demands of the modern workforce. The university also maintains an active alumni network that facilitates job referrals and professional networking opportunities for current students and recent graduates. Many departments have their own placement cells or liaison officers who maintain relationships with relevant industries and organizations. Internship programs are integrated into the curriculum of many departments, requiring students to complete a period of practical training in industry or research organizations. The university's industry partnerships provide students with opportunities for hands-on experience through internships, project work, and industrial visits. Graduates of SUST are also well-prepared for higher education, with many pursuing master's and doctoral studies at leading universities worldwide, including in the United States, Canada, the United Kingdom, Germany, Japan, and Australia. The university's research focus means that many graduates go on to careers in academic research and development.
